FAO: Mark Niland

Good morning,

Thank you for consulting the Ministry of Defence (MOD) on the above consultation.

I have been assessing the application and was hoping you would be able to confirm the dimensions of the existing turbine the applicant is seeking to replace. I cannot find the original application on the planning portal and need to be able to confirm the full dimensions. I am aware the existing hub height is 36m – this has been stated in the applicant's 'Planning Statement'. Please can you provide the rotor diameter and height to blade tip, both in metres.

When I receive this information, I will be in a position to finalise the assessments and respond to the consultation.

Kind regards,

Kathe
