adj THE CHESTNUTS HALL GATE FLEET LINCS
for
MR & MRS KIERMAN

DO NOT SCALE FROM THIS DRAWING

This drawing is copyright and may not be reproduced or amended except by prior written consent. It is issued on the condition that it is not disclosed, reproduced or used for any purpose other than that for which it is supplied. Neither the whole nor any part of the information contained in it may be disclosed to any third party without prior written consent. Julian Warrick Architectural Design Consultant has used reasonable skill and care in preparing the information in this drawing but does not warrant the accuracy or completeness of the information and does not accept any liability for any loss or damage (whether direct, indirect or consequential and including, but not limited to, loss of profits or anticipated profits, damage to reputation or goodwill, loss of business or anticipated business, damages in respect of any claim for actual or alleged infringement of third party intellectual property rights, and claims by third parties for compensation whatsoever which may arise) arising out of or in connection with the information in this drawing and all such liability is hereby expressly excluded to the fullest extent lawfully possible. Where any dimension or detail is obtained from scaling off this drawing, please note that it may be subject to tolerances of paper size and the printing process. Please use figured dimensions where possible or ask for clarification. Any discrepancies must be reported immediately. All dimensions are to be checked on site by the contractor before any shop drawings, fabrication or other work is put in hand. Any work carried out prior to the receipt of approval or clarification is entirely at the risk of the contractor. Do not rely on this drawing for setting out party walls. Party Wall etc. Act 1996: when building or close proximity to adjoining neighbour's boundaries you may require their consent before commencing work. Julian Warrick Architectural Design Consultant is not responsible for any matters which should be dealt with by the Building Control Officer or an approved inspector. Work that may not specifically be shown but that is reasonably inferred as being necessary for the proper completion of the building shall be carried out by the contractor as if detailed in these drawings. Any work shall comply with the Building Regulations 2010 as amended and all other relevant statutory regulations. Any products specified shall be installed in accordance with the manufacturer's instructions and recommendations. Contractors must visit the site and be responsible for taking and checking all dimensions relevant to their work and shall report any discrepancies between the drawings and the actual conditions found on site before proceeding with the work. Any discrepancies found between the drawings and the requirements of the Building Regulations must be brought to the attention of the Building Control Officer or Approved Inspector before proceeding with the work. Any discrepancies found between the drawings and the requirements of the Building Regulations must be brought to the attention of the Building Control Officer or Approved Inspector before proceeding with the work. Any discrepancies found between the drawings and the requirements of the Building Regulations must be brought to the attention of the Building Control Officer or Approved Inspector before proceeding with the work.
