Scales
AS INDICATED.

DO NOT SCALE FROM THIS DRAWING

This drawing is copyright and may not be altered, traced, photographed or used for any other purpose other than that for which it is issued. The General Contractor is to check all dimensions on site and report any discrepancies to the Architect. All details shown on this drawing including foundations are based upon typical site conditions related to the area. No responsibility can be accepted for abnormal conditions which may be discovered during construction unless reported to the Architect as that construction progresses. The Contractor is to allow for the employment of a suitably qualified engineer to establish specific site conditions before foundation work is undertaken. This drawing is limited in the amount of information contained and does not purport to contain a full specification of the works. It is solely for the purpose of obtaining Planning / Building Regulation approval. This drawing must not be used as a contract document alone. The works will not be supervised or inspected on site by G.R Merchant Ltd. unless specifically agreed in writing. The Contractor is responsible for quality control workmanship, substitution of materials, adherence to specification, variations to contract etc.All materials to be new unless otherwise stated and all components and materials etc. to be used fitted and installed etc. in strict accordance with manufacturer's instruction and relevant code of practice. Materials shall conform to appropriate British standard specification or BBA certificate or European equivalent where applicable. The Contractor is to provide all temporary supports, shoring, bracing and propping all necessary to achieve compliance with Health and Safety Regulations on Building sites and Work places. The Employer / Client is advised that should the works need to
