DO NOT SCALE FROM THIS DRAWING

The drawing is the property of the Architect and is protected by the copyright laws and other laws of intellectual property. The drawing may not be used, reproduced, copied or transmitted in any manner whatsoever without the permission of the Architect. Any breach will be prosecuted. Any unauthorised use of the drawing is at the sole risk of the user and without liability to the Architect. Any infringement of copyright will render the offender liable to an injunction and claim for damages. Figured dimensions are to be taken in preference to scaled dimensions. The Architect will be indemnified against all claims, costs, losses and expenses arising from any breach of this condition. Any discrepancies are to be brought to the attention of the Architect before proceeding with the work. Any discrepancies between the Planning Drawings and the Building Regulation Drawings are to be brought to the attention of the Architect before proceeding with the work. Dimensions are to be checked on site before proceeding with the work and any discrepancies are to be brought to the attention of the Architect before proceeding with the work. Do not scale from this drawing. Work to be carried out strictly in accordance with the latest British Standard Specifications and Codes of Practice. All materials, fittings and workmanship are to be of the highest standard and in accordance with the latest British Standard Specifications and Codes of Practice. Where proprietary products are specified, the Contractor is to follow the manufacturer's recommendations or instructions in respect of their use, storage and fixing. This drawing is to be read in conjunction with all relevant Structural Engineer's and Specialist's drawings and specifications. The Contractor is responsible for ensuring that the Construction (Design and Management) Regulations 2015 are complied with. The Contractor is to provide adequate temporary bracing and propping to ensure the stability of the structure during construction. Party Wall etc. Act 1996: where applicable, it is the responsibility of the Building Owner to serve the relevant notices on the Adjoining Owners before any work is commenced. Failure to do so may result in legal action being taken against the Building Owner by the Adjoining Owners affected by the works. The General Contractor must be Asbestos Aware & his base duties of practice.
