South Holland District Council hereby give notice that OUTLINE PLANNING PERMISSION HAS BEEN GRANTED for the development in accordance with the application submitted, subject to the following condition(s):

1 Application for approval of reserved matters must be made not later than three years beginning with the date of this permission, and the development must be begun not later than whichever is the later of the following dates:
(a) the expiration of five years from the date of this permission,
(b) the expiration of two years from the final approval of reserved matters or in the case of approval on different dates, the final approval of the last such matter to be approved.

Reason: As required by Section 92 of the Town and Country Planning Act 1990.

2 The following matters are reserved for subsequent approval by the Local Planning Authority, and no development to which they relate shall be carried out until these matters have been approved, viz:
(1) Detailed drawings to a scale of not less than 1/100 showing the siting design and external appearance of the buildings, including particulars of the materials to be used for external walls and roofs;
(2) The siting and design of any vehicular access to a road;
(3) Landscaping of the site, including details of positions, heights on planting and species of trees and shrubs.

Reason: The application was submitted in outline only.

3 The approved scheme of landscaping and/or screening shall be carried out in its entirety within a period of two years beginning with the date on which development of the land is commenced. The trees, shrubs or bushes shall be adequately maintained by the owner(s) of the land on which they are situated for a period of ten years beginning with the date of completion of the scheme, and all losses shall be made good during that period.

Reason: In the interests of visual amenity and to ensure that the

SOUTH HOLLAND DISTRICT COUNCIL

approved scheme is implemented satisfactorily.

4 Before the date of development hereby permitted is commenced, the existing dwelling on the site shall be demolished and rubble cleared from the site.

Reason: The site is in a rural area where it is the policy of the Local Planning Authority not normally to permit additional residential development. The proposed development is a replacement dwelling and this condition is imposed as it is not considered that a departure from that policy is warranted.

The applicant is advised that the final development should be appropriate for this rural location in terms of its design, appearance and materials.
