period of two years beginning with the date on which development of the land is commenced. The trees, shrubs or bushes shall be adequately maintained by the owner(s) of the land on which they are situated for a period of ten years beginning with the date of completion of the scheme, and all losses shall be made good during that period.

Reason: In the interests of visual amenity and to ensure that the approved scheme is implemented satisfactorily.

4 The occupation of the dwelling shall be limited to a person solely or mainly employed, or last employed, locally in agriculture as defined in Section 336 of the Town and Country Planning Act 1990, or a dependent of such a person residing with him, or a widow or widower of such a person.

Reason: The site is in a rural area where it is the policy of the Local Planning Authority not to permit residential development except in the interests of agriculture or where related to the use of the land. The circumstances of this case relate to an agricultural need, and permission is therefore confined to it.

5 A 2.4 metre x 90 metre visibility splay in an easterly direction shall be provided and thereafter retained at the junction of the access with Sarahgate. Any tree branches between ground level and 1.5 metres high shall be cut back to the trunk.

The applicants are advised that the final design of the dwelling should be appropriate for this rural location in terms of appearance and design.

The permitted development will require the provision of a new vehicular access crossing. Applicants are requested to contact the Local Highway Authority's Divisional Office at Pode Hole - (Tel: 01775 769091) prior to the commencement of any works within the public highway.
