DO NOT SCALE FROM THIS DRAWING

This drawing is the property of the Designer. No reproduction in whole or in part without prior written permission is permitted. The drawing is to be read in conjunction with all other relevant consultants' drawings and specifications. Any discrepancies to be reported to the Designer before any work is commenced. Dimensions are in millimetres unless otherwise specified. Dimensions are to be taken from figured dimensions only. Do not scale from drawings. Contractors are responsible for the accuracy of dimensions and must notify any discrepancies to the Designer before commencing the work. It is the responsibility of the Contractor to ensure that all work is carried out in accordance with the current Building Regulations and to the satisfaction of the Local Authority Building Control Officer. The work must be carried out by competent tradesmen in a workmanlike manner using materials that are fit for the purpose intended and in accordance with the manufacturer's specifications. All dimensions to be checked on site by the contractor before commencement of any work or the manufacture of any components. Site conditions, if unusual, may require additional or alternative structural or other details to those shown on this drawing. Any such details required should be requested from the Designer at least 4 weeks before they are required on site. Any discrepancies in the drawings or between the drawings and the specification must be reported to the Designer before any work is commenced. Do not use this drawing for any purpose other than that for which it was issued. Do not use this drawing for construction purposes until it has been issued for construction purposes by the Designer. Any alterations to the drawing or any other drawings or documents issued by the Designer in connection with the project must be approved by the Designer before they are implemented on site
