

Good morning,

I can confirm that King Civils used clean, high-quality topsoil at our site located at Mill Drove South, Cowbit, PE12 6FS as approved under application H01-1204-22.

The material was sourced from a topsoil strip at a grass field on Haycroft Lane, Spalding, PE12 8LB, where we carried out the construction of an outdoor ménage.

I hope this information is helpful. Please don't hesitate to get in touch if you require any further details.

Kind regards,

David Dewberry
Contracts Manager
King Civils
