This drawing is copyright and may not be altered, traced, copied, photographed or used for any purpose other than that for which it is issued, without prior written permission from K.L. Elener
Do not scale from this drawing

Trial hole data is not conclusive of soil conditions over the whole area of the site but representative only of the conditions at that location. Sub-strata and man made conditions may be exposed upon commencement of works which may reveal conditions not anticipated thus requiring further design input. No liability for such occurrences are accepted by K L Elener.

Nothing on this drawing should be taken as contractual between any parties unless specifically referred to in a third party contract.
