

PROPOSED EXTENSION AND ALTERATIONS AT 138 BROADGATE WHAPLODE DROVE FOR MRS ABRAMS

DO NOT SCALE FROM THIS DRAWING

This drawing is the property of Julian Warrick Design Consultant and is protected by the Copyright, Designs and Patents Act 1988. It must not be loaned, copied or passed to any third party without the consent of the author. Any unauthorised use without such consent will render the user liable to prosecution and claims for damages. Do not scale from this drawing. Only figured dimensions are to be taken from this drawing. All dimensions are to be checked on site by the contractor before any work is put in hand or any materials ordered. Any discrepancies are to be reported to the author before any work is put in hand. This drawing is to be read in conjunction with all relevant engineers drawings and specifications. All dimensions are in millimetres unless otherwise stated. Where applicable, all work is to be carried out in accordance with the latest British Standard Specifications and Codes of Practice. Any proposed variations from the approved drawings must be submitted to the Building Control Officer for approval before work proceeds. The Building Control Officer must be notified at least 48 hours before commencing the following stages of work: Excavation of foundation trenches. Before placing concrete in foundations. Before laying any damp proof membrane. Before commencing drainage works. Before concealing any drainage works. Before occupation of the building. On completion of the works. The Local Authority must be informed of the completion of the building in order that a final inspection can be carried out. Failure to comply with the above may result in the service of a Notice requiring works to be opened up for inspection. Work that may not specifically be shown on the drawings but is necessary for the proper completion of the building in accordance with the Building Regulations must be carried out as if shown on the drawings and described in the specification. Party Wall etc. Act 1996: when building or close proximity to adjoining neighbour's boundaries, you must serve notice on the adjoining owner before commencing any work. Failure to do so may result in legal action being taken against you. Any work affected by the works. The General Contractor must be Asbestos Aware & to the latest codes of practice
