

PROPOSED RESIDENTIAL PROPERTY
ADJACENT THE OLD VICARAGE
HIGH ROAD WESTON
MR & MRS WALLIS

DO NOT SCALE FROM THIS DRAWING

This drawing is copyright and may not be reproduced or transmitted in any form or by any means, electronic or mechanical, without the prior consent in writing of the Designer. This drawing is the property of the Designer and must be returned on request. Figured dimensions only should be taken from this drawing and no dimensions should be scaled from it. Any discrepancies in the drawing or between the drawing and site must be reported to the Designer before any work is commenced. Drawings not to be used for construction purposes unless signed by the Designer. Dimensions shown are subject to Building Regulations approval and may be increased or decreased as a result of Building Control requirements. Dimensions shown are subject to Structural Engineer's calculations and may be increased or decreased as a result of structural requirements. Structural Engineer's details and specification must be obtained before any work is commenced. All drainage, including foul and surface water, shown on this drawing is subject to approval by the Building Control Authority. Drainage layout shown is for illustrative purposes only. Exact details to be confirmed by a drainage specialist. Drainage layout shown is based on information obtained from a site survey and Ordnance Survey maps. The owner, and or the purchaser of a property, is responsible for ensuring that all necessary permissions and consents are in place before any work is commenced. All work must be carried out in accordance with the Building Regulations, Approved Documents, British Standards and Codes of Practice. All materials and components must be used and installed in accordance with manufacturers' instructions. Site operatives and contractors are responsible for their own safety and that of others on the site. The Designer does not accept responsibility for any deviation from the drawing or specification unless notified in writing prior to the work being carried out. Work should not commence until all relevant Building Control approvals have been obtained. The Designer does not accept responsibility for any work carried out before, during or after the completion of the building by others. Work should not commence until all necessary Party Wall etc. Act 1996 awards, building or other consents by adjoining neighbors or landowners, have been obtained. The Designer does not accept responsibility for any work carried out before, during or after the completion of the building by others. The General Contractor must be fully conversant with the latest issue of practice affected by the work. The General Contractor must be fully conversant with the latest issue of practice affected by the work. The General Contractor must be fully conversant with the latest issue of practice affected by the work.
