RESPONSE TO H23-0313-25: Amendment 4 - Submission of an Amended Post-Development Habitat Plan at Land At Peartree Hill Road, Whaplode Drove.

Dear Mark Niland,

Lincolnshire Wildlife Trust wishes to maintain a **holding objection** on this application. The updated Biodiversity Net Gain (BNG) metric still features creation of good condition modified grassland and enhancement of ditches to good condition. It therefore does not address our previous comments, and the holding objection dated 9th April 2026 still stands.

The Lincolnshire Wildlife Trust hopes these comments are helpful at this stage and welcomes further discussion relating to the points covered. Please do not hesitate to contact me if you have any queries or need clarification regarding the comments provided.

Yours sincerely,

Louisa Williams
Conservation Officer
