Application	H01-0659-24
Location	Adj. 128 Barrier Bank Cowbit Spalding PE12 6AL
Proposal	Details of scheme to deal with contamination (Condition 6 - parts ii, iii & iv of H01-0597-21)

Name	Oliver Abrams
Address	SHDC Environmental Protection Officer
Date Submitted	29-08-24
For/Against	Comments

I have reviewed the Elemental GI Ltd Phase 2 Geo-environmental investigation report which has been submitted for this location.

As stated in this report Ground protection measures should be undertaken in this development with further gas monitoring recommended. I request to see details of gas protection measures being undertaken at this development and any further details of extra gas monitoring undertaken.

Contamination was found in soil sample of WS04 and in its locality, with elevated levels of PAH compounds. this will require remediation. I request to see the remedial method statement for this site.
