AS INDICATED

DO NOT SCALE FROM THIS DRAWING

This drawing is copyright and may not be reused, traced, photocopied or stored for any other purpose other than for which it is issued. The Supplier/Client shall check all dimensions on site and advise any discrepancies to the Architect. All details shown on this drawing including dimensions are based upon limited site conditions viewed from site. No responsibility can be accepted for dimensions which may be discovered during construction unless reported to the Architect so that variation orders may be issued. This will not apply to dimensions specifically checked and verified by the Architect. Figured dimensions are to be taken in preference to scaled dimensions. This drawing is limited to the extent of the Architect's instructions and is not to be used for any purpose other than that stated. The Architect is not responsible for the accuracy of existing Planning Drawings and cannot be held responsible for any errors or omissions in the information provided by others. The Architect is not responsible for any errors or omissions in this drawing which are a result of inaccurate or incomplete information supplied by others. The Architect is not responsible for the structural design of any foundations, floors, roofs, walls, steelwork, drainage or any other aspect of construction, unless shown on this drawing and specifically instructed. The Supplier/Client shall ensure that the proposed construction complies with the requirements of the Building Regulations and all other statutory requirements. The Supplier/Client shall ensure that the contractor is competent to carry out the works properly and has adequate insurance cover. The Supplier/Client shall ensure that all necessary consents are obtained and that the works comply with the Party Wall etc. Act 1996. The Supplier/Client is advised that should the works need to comply with the Construction (Design and Management) Regulations 1994, the Supplier/Client must appoint a competent planning supervisor and principal contractor and ensure that the Health and Safety Plan required by the Regulations has been prepared before construction work commences. The Supplier/Client shall ensure that adequate precautions are taken when working adjacent to roads, railways or other dangerous locations. The Supplier/Client shall ensure that adequate temporary bracing is provided to stabilise the structure until the permanent bracing is complete. The Supplier/Client shall ensure that adequate precautions are taken when working adjacent to roads, railways or other dangerous locations. The Supplier/Client shall ensure that adequate temporary bracing is provided to stabilise the structure until the permanent bracing is complete.
