**DO NOT SCALE FROM THIS DRAWING**

This drawing is prepared and/or checked, plotted, photocopied or used for any other purpose other than that for which it was made. The Original Contractor is to show all dimensions and use any other dimensions in the lightest of black ink on the drawing itself. Dimensions are based upon agreed site conditions unless to the contrary. No responsibility is accepted for dimensional conditions which may be encountered during construction unless specially stated.

This Drawing as part of design arrangements may be transferred. This and surveys are necessary in respect of information to establish boundary conditions before work is undertaken. This information is to be used in the context of information contained and does not purport to constitute a specification of the works. It is solely for the purpose of planning / Building Regulation approval. This Drawing must not be used as a contract document. The works will not be reported or inspected on site by G.R.M. unless any representations regarding it is the client's free agreement upon responsibility to conduct investigations, substitution of materials, alterations and/or variations to contract.

All materials to be used unless otherwise stated and all components and materials shall be to the British and building code. In all cases experience with appropriate installation and relevant codes practice. Materials shall conform to appropriate British standard specifications or BS certified European code equivalent. The Employer / Client shall ensure that the selected contractor is licensed and fully adequate all necessary necessary to acquire compliance with Health and Safety Regulations by building site and work plans. The Employer / Client must ensure that all work is done in compliance with the Construction Design and Management Regulations in Independent. The Employer will be required to ensure that the work is done in compliance with the
