Application H02-0189-19
Location Crease Drove Crowland
Proposal Erection of 108 dwellings with associated garaging, roads and sewers

Name Sue Armour
Address Environmental Protection Officer SHDC, Priory Road Spalding PE11 2XE

Date Submitted 13-06-19
For/Against Comments

I have reviewed the GeoDyne 'Combined phase 1 desk study and phase 2 exploratory investigation for Ashwood Homes; Woodroffe - Crease Drove, Crowland' and recommend that the following condition be applied to any planning permission granted at this location: In the event that contamination is found at any time when carrying out the approved development that was not previously identified it must be reported immediately to Environmental Health. An investigation and risk assessment must be undertaken in accordance with details to be agreed with Environmental Health. Where remediation is necessary, a remediation scheme must be submitted to and approved in writing by Environmental Health. Following completion of measures identified in the approved remediation scheme a verification report shall be submitted to and approved by Environmental Health.
