TOWN AND COUNTRY PLANNING ACT 1990
TREE WORKS IN A CONSERVATION AREA

Reference: H02-0283-18 **Date of Decision:** 27th April 2018

Applicant: Mr R Boot
19a South Street
Crowland
Peterborough
PE6 0AH

Location: 19a South Street Crowland Peterborough

Description: Works to Tree in Crowland Conservation Area

Detailed Description:

Notification to remove a Prunus padus in the garden of 19a South Street, Crowland.

'Bird cherry (Prunus padus),

I propose to fell the tree this week after our phone call last week, due to failure very recently and less than 50% holding wood'.

'Tree is in very poor shape now 50% of the crown failed and split out. Potentially leaving the remaining of the tree unsafe. (Fungus Phellinus pomaceus). Please confirm in email this is okay to commence with the works'.

South Holland District Council has considered the proposal and has no objections, subject to any recommendation set out below;

1 That the proposed work is carried out within two years of the date of this letter of 'No Objection'.

2 Work is to be carried out in accordance with BSI 3998 : 2010, 'Recommendations for Tree

Work'.

3 The resulting stump of the tree should be ground out/removed to at least 300mm below ground level to help reduce the risk of the stump harbouring decay fungi which could infect nearby trees.

Notes:

The necessary consent of all other interested parties should be obtained before the works proceed.

It may be advisable to obtain the opinion of a qualified arboriculturist regarding the potential effect that the removal of the tree could have on nearby built structures.

In this case the requirement to plant a replacement tree is waived.

Under the Wildlife and Countryside Act 1981 (as amended) all birds, their nests and eggs are protected by law and it is an offence to damage or destroy the nest of any wild bird while it is in use or being built. In the event of query please contact Natural England on Tel: 03000 603900.

Bats are protected species under the Wildlife and Countryside Act 1981 (as amended) and in the event that bats are living in any cavities in the tree(s), or if they are discovered while the works are taking place, please inform Natural England on Tel: 03000 603900 before works proceed.
