1. These drawings are copyright and the property of Waldeck Associates Ltd. Copying of the designs drawings or intellectual property in full or in part is not permitted without the written consent of a Director of Waldeck Associates Ltd.
   In the event of a default by the Employer of its obligations due to Waldeck Associates Ltd neither it or its Assignees or Novated bodies are permitted or licensed to use or copy this information until such time as the Employer has remedied its default and the Consultant gives written consent to reinstatement of this permission or licence to use its materials.
2. The Initial feasibility pre-contract designs specification, cost plans, Bill of quantities, feasibility studies and all other documents or media whether electronic or hard copy are indicative only and could be subject to changes in statute or other rules and regulations and changes in the Employer's requirements and will be subject to design development until such time as Waldeck's Services are engaged under a formal written appointment that pays for an appropriate fee at commercial rates. Use of these documents or media shall be entirely at the risk of the person using it. No reliance on these documents shall be permitted and full copyright is retained by Waldeck. Waldeck accepts no responsibility for reliance on these documents or media and Waldeck shall not be liable for any loss or damage suffered by any person relying on the pre-contract design development information where a full design has not been completed. No waiver of this endorsement and its permitted receipt in writing and signed by a Director of Waldeck as recorded at Companies House.
3. "Waldeck" is a Trading Style of Waldeck Associates Ltd registered in England and Wales Company Nº 3430324.

N

Notes

1. Do not scale this drawing.
2. All dimensions are in millimetres unless stated otherwise.
3. This drawing to be read in conjunction with all other relevant drawings and specifications.
4. All proprietary items to be installed in strict compliance with manufacturers instructions and recommendations.

Sheet 1 of 2

Notes:-

1. Some services are present on this site, and the Contractor should satisfy himself as to their location prior to commencing and excavations. Any services indicated on the drawings are based on information given on the survey. No warranty is given as to the accuracy of this information and no liability accepted for incorrectly located plant. The Contractor is to obtain all necessary utility company information prior to commencing any excavations on site. Contractor is recommended to accurately locate services by hand dug trial holes prior to carrying out mechanical excavation.
2. Co-ordinates and levels given are relative to Ordnance Datum, details of survey station locations and co-ordinates are given on the survey.
3. Contractor to check setting out and levels information and advise the Engineer/Contract Administrator of any discrepancies prior to commencing works.
4. Where interpolated level is shown, Contractor is to use existing levels on site.
5. Contractor to ensure that kerbs and channels etc. are laid to smooth alignments between points given and tie into existing features smoothly.
6. Care should be taken when laying surfacing to ensure a positive fall to all surfaces, to minimise the risk of ponding.
7. Maximum unsupported slope to be 1 in 3 gradient.
