Drawing

LOFT FLOOR PLAN AND ELEVATIONS

Job Ref.	Drawing No.
857/05	PLOT 16,17&18 / 2B
Date: MAR 2005	Drawn: JPW

Scales: 1/50 1/100

DO NOT SCALE FROM THIS DRAWING

This drawing is copyright and may not be altered, traced, photographed or used for any other purpose other than that for which it is issued. The Genaral Contractor is to check all dimensions on site and report any discrepancies to the Architect. All details shown on this drawing including foundations are based upon typical site conditions revealed to the area. No responsibility can be accepted for abnormal conditions which may be discovered during construction unless reported to the Architect as their design amendments may be consequent. Site soil surveys are recommended in respect of foundations to establish specific site conditions before foundation work is undertaken. This drawing is limited in the amount of information contained and does not purport to contain a full specification of the works. It is solely for the purpose of obtaining Planning / Building Regulation approval. This drawing must not be used as a contract document' above. The works are not to be supervised or inspected on site by G.R Merchant or any of his representative thereof. It is the client or their appointed agents responsibility to control workmanship, substitutions of materials, adherence to specification, variations to contract etc.

All materials to be new unless otherwise stated and all components and materials etc. to be used fixed and installed strictly in accordance with manufacturers instructions and relevant codes of practice. Materials shall conform to appropriate British or Harmonised European Standard (hEN) where such exist or EOTA certificate of conformity where a hEN is not available (or in the absence of such a standard, a national specification of a member state of the European Economic Area) and CE marking where required by the European Construction Products Directive. Where materials are proposed for use which are not covered by such standards, they should be demonstrably shown to be fit for the purpose and shall be used in accordance with the specific recommendations of the manufacturer. The Employer / Client shall ensure that the selected contractor is competent with an adequate level of resources necessary to so carry out the works and is suitably registered for Building sites and Work places. The Employer / Client is advised that should the works need to comply with the Construction Design and Management Regulations an independent Planning Supervisor will be required. The works shall comprise of all that is shown on the drawing and details. Work that may not specifically shown but may be reasonably inferred as necessary to carry out the works shall be deemed to be included.
