Application H02-0421-17
Location Crease Drove Crowland Peterborough PE6 0BN
Proposal Change of use of land to crane storage and demonstration area (B2 use)

Name Nigel R Burch
Address Economic & Community Development Council Offices

Date Submitted 19-05-17
For/Against Support

The Economic Development Department fully support this application. Crowland Cranes is a long established, growing company providing well paid skilled jobs to local people, and encouraging the development of future skills in the local area to access the positions being created by the growth of the company. The creation of this proposed area will allow the business to further enhance its position in this competitive market place, a position that already has national and international recognition within the sector, and one which Crowland and South Holland should do its utmost to support and encourage.
