The Inward Investment team are fully supportive of this application. It will complete the scheme that was started in 2009 and has run successfully since then, at the same time it will contribute to the provision of quality, accessible units that will be attractive to existing businesses wishing to take the next steps in their growth plans, as well as making a valuable contribution to the offer in South Holland for companies looking to relocate from the wider area.
It further reinforces South Holland District Councils commitment to supporting the local economy.
