CASE OFFICER ASSESSMENT

Proposal

This is an application for the erection of a two-storey side extension, porch/entrance to front and detached double garage - previously approved under H02-0985-16. The proposal seeks to provide two additional rooms at ground floor level in the side extension, with two bedrooms above. The front bedroom will have a frontage window, with the rear bedroom a side elevation window. The roof

structure of the main dwelling is to be altered, and the detached garage will now be two storey in design, with a rear external staircase for access. Proposed materials of construction will be assessed by condition.

Site Description

The proposal is within defined settlement limits and the surrounding area is predominately characterised by dwellings of varying ages and design, with a car wash to the south of the proposal beyond an established high hedge.

History

H02-0765-13

Demolition of existing dwelling and garage and erection of two 2 bed dwellings, one 4 bed dwelling and two 3 bed dwellings - Approved - 02 December 2013.

H02-0985-16

Two-storey side extension, porch/entrance to front and detached double garage - Approved - 03 November 2016.

Consultation Responses

North Level Internal Drainage Board

Crowland Parish Council

No objections

Planning Considerations

There is not considered to be any material harm to neighbouring residential amenity from overlooking or overshadowing. The orientation of the windows on the garage at first floor level is solely to the front of the building and therefore is not considered to impact neighbouring amenity. The design, scale and layout is considered to be appropriate for the site and does not materially impact the character of the dwelling or the surrounding area.

Conclusion

In light of the above considerations the proposal is considered to be in accordance with Policies 1, 2 and 3 of the South East Lincolnshire Local Plan, 2019, as well as Section 12 of the National Planning Policy Framework, 2019.

A delegated approval is considered to be appropriate.

Additional Considerations

Public Sector Equality Duty

In making this decision the Authority must have regard to the public sector equality duty (PSED) under s.149 of the Equalities Act. This means that the Council must have due regard to the need (in discharging its functions) to:

A. Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act

B. Advance equality of opportunity between people who share a protected characteristic and those who do not. This may include removing or minimising disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic; taking steps to meet the special needs of those with a protected characteristic; encouraging participation in public life (or other areas where they are underrepresented) of people with a protected characteristic(s).

C. Foster good relations between people who share a protected characteristic and those who do not including tackling prejudice and promoting understanding.

The protected characteristics are age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

The PSED must be considered as a relevant factor in making this decision but does not impose a duty to achieve the outcomes in s.149. It is only one factor that needs to be considered, and may be balanced against other relevant factors.

It is not considered that the recommendation to grant permission in this case will have a disproportionately adverse impact on a protected characteristic.

Human Rights

In making a decision, the Authority should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as South Holland District Council to act in a manner that is incompatible with the European Convention on Human Rights. The Authority is referred specifically to Article 8 (right to respect for private and family life) and Article 1 of the First Protocol (protection of property).

It is not considered that the recommendation to grant permission in this case interferes with local residents' right to respect for their private and family life, home and correspondence, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general public interest and the recommendation to grant permission is considered to be a proportionate response to the submitted application based on the considerations set out in this report.
