BNG Exemption Statement

Small Scale Self-build and Custom Housebuilding

To support smaller developers, we are exempting small scale self-build and custom build development from the BNG requirement. This exemption applies only to development that :

- Consists of no more than 9 dwellings ;
- Is carried out on a site which has an area no larger than 0.5 hectares ; and
- Consists exclusively of dwelling(s) which are self -build or custom housebuilding as defined in section1(A1) of the Self-build and Custom Housebuilding Act 2015.
This definition covers development where Local Planning Authorities are satisfied that individuals have had the primary input into the final design and layout of a house to be occupied as homes for themselves.

This proposed application comprises 3 detached dwellings which are to be developed under the criteria applicable to self-build / custom build homes and are therefore deemed to satisfy the above criteria for Exemption.
