Dear Mr. Foulston

Erection of Two Storey Extension, 8 Peterborough Road, Crowland

I write in relation to the application you have submitted for consideration.

I would be grateful if you would clarify the roof plan of the proposed two storey extension. From the drawings it appears that the extension will have its own hipped end and the pitched link into the existing roof slope will be behind that. I consider that it might visually be more appropriate if that hipped end and the link into the existing roof are all in one plane to link in with the same plane of the existing roof. This will mean that the front elevation will have one protruding hipped gable towards the centre of the elevation.

In addition it is my opinion that the proposed bay window on the extension will look out of proportion with the bay windows of the existing dwelling and therefore it may be more appropriate to change this window to a flat window to tie in with the existing flat window on the left of the existing dwelling.

I look forward to your comments and/or amended drawings as soon as possible within the next 14 days.

Yours sincerely

Peter Udy
Planning Officer
