*Note: The transfer of waste to which this transfer note applies, will be deemed by us as authority to treat the note as signed on your behalf. If you do not agree, then please send us a copy of the transfer note signed by yourselves.

The duty of care is a law which says that you must take all reasonable steps to keep waste safe. If you give waste to someone else, you must be sure they are authorised to take it and can transport, recycle or dispose of it safely. If you break this law you can be fined an unlimited amount.

I/We confirm that wastes generated at the above named site are subject to pre-treatment and that I/we have applied the Waste Management Hierarchy for the above mentioned waste.

Note: Treatment is a physical/chemical/thermal or biological process including sorting that also changes the characteristics of the waste in order to reduce its volume, reduce its hazardous nature, facilitate its handling or enhance its recovery.
