PART 1

East Midlands Electricity plc Application Number EM315/23/99446 Date 17 June 1997
To the Chief Executive Planning Department Council South Holland District

Dear Sir

Electricity Act 1989

Application is being made to the Secretary of State for Energy for his consent to the development described overleaf. The Secretary of State will at the same time be requested to direct that planning permission for this development shall be deemed to be granted. The consent and the direction may be given subject to conditions.

To assist the Secretary of State to determine the application the District/Borough Council is requested to return to me two copies of this Form with Part I Certificate and Part II completed and signed.

Department of the Environment Circular 14/90 (Welsh Office Circular 20/90)[Department of Energy Circular 1/90] describes this procedure and the reason for it.

Yours faithfully
For and on behalf of East Midlands Electricity plc.

Designation: Project Manager

(Reasons for objections)

PARTICULARS OF PROPOSED DEVELOPMENT AND REPRESENTATIONS
(To be completed by East Midlands Electricity plc)

Application is being made:

(a) for consent under section 37 of the Electricity Act 1989 to install or keep installed an electric line above ground;

1. Particulars of proposed development. (These particulars should be accompanied by such plans as may be necessary to enable the local planning authority to identify the land affected by the proposals and to appreciate the nature and extent of the proposed development and by a copy of the environment statement if the applicant has prepared one.)

To erect the proposed 11,000 volt overhead line on wooden poles in the parish of Postland with a tolerance of 30m either side of the route shown on the attached plan.

2. Particulars of any representations of objections which have been made to East Midlands Electricity plc.

3. Particulars of the applicant's compliance with his duty under paragraph 1 of Schedule 9 to the Electricity Act 1989.

ENVIRONMENTAL STATEMENT

The high voltage line is to replace an existing liine which is nearing the end of its useful life. The impact on the environment will be reduced as the total route length will be reduced. Also, there are sections of low voltage overhead line which will be replaced by underground cable which will further improve the visual impact.
The new route has been along an existing roadside and no damage to either trees or hedgerows is anticipated. An added benefit is to the local landowners as the existing route was across fields.

OVERHEAD LINES
ELECTRICITY ACT 1989
TOWN AND COUNTRY PLANNING ACT 1990.

With reference to the application particulars of which are specified below, I am directed by the Secretary of State to inform you that consent is hereby granted pursuant to section 37(1) of the Electricity Act 1989 ("the 1989 Act") to the installing above ground of electric lines ("the lines") particulars of which are specified below.

Pursuant to section 37(3) of the 1989 Act this consent is given subject to the following conditions:

1. Subject to regulations 50,51,71 and 72 of The Conservation (Natural Habitats, &c.) Regulations 1994, the Secretary of State may review this consent at any time after a period of five years from the date hereof, and upon such review, after giving all persons concerned an opportunity of being heard, he may vary or revoke his consent.

2. If the Secretary of State revokes this consent the lines shall be removed within such period as the Secretary of State may direct.

Pursuant to section 90(2) of the Town and Country Planning Act 1990 ("the 1990 Act") the Secretary of State hereby directs that planning permission for the development shall be deemed to be granted subject to the following condition(s):

1. The development to which this permission relates shall be begun not later than the expiration of five years beginning with the date hereof.

Reason: For conformity with section 91 of the 1990 Act.

2. The Company shall dismantle and remove from the site any redundant lines and apparatus within six months from the date of commissioning of the lines.

Reason: To restore the land as far as practicable to its condition before the redundant lines and apparatus were installed.
