Thank you for consulting us on this application.

Having reviewed the application documents and the updated available Historic Environment information for this application, the proposal is unlikely to have an impact on significant archaeological remains. Consequently, no further archaeological input is necessary for this application. It is not necessary to consult us on this application again, unless there are material changes to the proposals. However, if you would like advice from us, please contact us to explain your request.

Finally, as the proposal involves external works to 9 South Street, a non-designated heritage asset (NDHA) recorded on the HER (MLI91656) and located within the Crowland Conservation Area (DLI10597), the SHDC Conservation Officer should be consulted prior to determination regarding the potential direct impacts on the non-designated heritage asset and any potential indirect impacts on its setting and on the character and appearance of the Conservation Area.
