This drawing is the property of Julian Warrick Consultancy and is protected by copyright. It must not be copied or reproduced without the consent of the author. The drawing is issued on the condition that it is used for the purposes intended by the author and that it is returned on request. Any licence to copy or use this drawing, whether granted before or after the completion of the contract, may be terminated by the author on the grounds of misuse or before use of the drawing by the employer or any other person or company in breach of the terms of the licence. Unless such a licence has been granted, no part of this drawing may be passed to any third party. Any breach of copyright will entitle the author to claim damages and additional fees. Any discrepancies in dimensions should be brought to the attention of the author before the commencement of any work or the preparation of any shop drawings. Figured dimensions are to be taken in preference to scaled dimensions. All dimensions are in millimetres unless otherwise stated. Dimensions should be checked on site by the contractor before the commencement of any work or the preparation of any shop drawings. Any discrepancies should be brought to the attention of the author before the commencement of any work or the preparation of any shop drawings. The author is not responsible for errors or omissions in dimensions taken from scaled drawings. The author is not responsible for any work carried out which does not comply with the current Building Regulations or other statutory requirements. The author is not responsible for any work carried out without a building contract. The author is not responsible for any work carried out by a contractor who has not been given the complete and unabridged set of working drawings. The author is not responsible for any work carried out by a contractor who has tendered on an incomplete set of working drawings. The author is not responsible for any work carried out by a contractor who has not been given the opportunity to visit the site and inspect the existing structure and fully understand the extent of the work required. The author is not responsible for any work carried out by a contractor who has not been given the opportunity to carry out opening up works to reveal the existing structure and fully understand the extent of the work required. The author is not responsible for any work carried out by a contractor who has not been given the opportunity to carry out opening up works to reveal the existing structure and fully understand the extent of the work required. The author is not responsible for any work carried out by a contractor who has not been given the opportunity to carry out opening up works to reveal the existing structure and fully understand the extent of the work required.
