Thank you for consulting me on the submitted application and HIA. Whilst brief it does help to explain and
justify the works.
I would advise that there are no reasons on Heritage grounds to refuse permission and that the new window in a traditional design is beneficial to the character and appearance of this building which is in a key central position in the Conservation Area.
I would wish to see conditions requiring 1:10 scale cross sectional drawings of the window and that all joinery is painted timber.
