

			The depiction of walls, fences or hedges does not necessarily represent a legal boundary. It is the clients responsibility to confirm legal boundaries. All trees measured on site have an approximate spread and height (species should be confirmed by an arboriculturist).	Plotting on paper may lead to a variety of scaling risks/errors due to paper stretching or inaccurate plotter settings. Therefore any dimensions scaled from a paper copy of this survey should be treated with caution. This drawing is not to be taken in whole or part other than for the intended purpose and project as defined on this drawing and must be used in conjunction with all other relevant documentation.	<table><tr><td>Reference Grid:</td><td>Reference Datum:</td><td>Project Title:</td></tr><tr><td>Ordnance Survey National Grid OSGB36(15) OSGM15 via the Active GNSS Network</td><td>Ordnance Survey National Datum OSGB36(15) OSTN15 via the Active GNSS Network</td><td rowspan="3">2A The Willows Crowland</td></tr><tr><td colspan="2">All dimensions in metres</td></tr><tr><td colspan="2"></td></tr><tr><td colspan="2">252 Broadway, Yaxley, Peterborough PE7 3NR Tel:01733 243174, info@prismsurveys.co.uk</td><td rowspan="2">Level Survey</td></tr><tr><td colspan="2">Client:</td></tr><tr><td colspan="2">LDM Build</td><td><table><tr><td>Scale:</td><td>Sheet Size:</td><td>Drawn:</td><td>Date:</td></tr><tr><td>1:250</td><td>A1</td><td>P.A.B.</td><td>22/10/2022</td></tr><tr><td colspan="3">Drawing Number:</td><td>Revision:</td></tr><tr><td colspan="3">LDMB-22-10-2022-01</td><td></td></tr></table></td></tr></table> <tr><td>Revision</td><td>Details</td><td>Date</td><td></td><td></td></tr> <tr><td colspan="3">Comments:</td><td></td><td></td></tr> <tr><td colspan="3"></td><td> Unless previously agreed all visible existing services on site have been surveyed unless access is restricted by vehicles or other significant obstructions.
