DETERMINED PLAN

NOTES:

All dimensions must be checked on site and not scaled from this drawing.
PRODUCED FOR BUILDING REGULATIONS AND PLANNING PURPOSES ONLY.

The deposited plans have been examined against the criteria set out in the Building Regulations. It is neither practical or reasonable to show all relevant matters on working drawings, the fact that minor matters are not mentioned does not alleviate the builder from the responsibility of non-compliance in the carrying out of site operations.

Developers are advised to establish that there is no made ground or wide variations in the type of subsoil within the loaded area and no weaker type of soil exists below the soil on which the foundations rest within such depth as may impair the stability of the structure.
