TOWN AND COUNTRY PLANNING ACT 1990
WORKS TO A PRESERVED TREE

Reference: H02-0897-17 **Date of Decision:** 8th November 2017

Applicant: Mr A Martin
7 Snowden Close
Crowland
Peterborough
Cambs
PE6 0AY

Location: 7 Snowden Close Crowland

Description: Works to Crowland TPO 5 1986

Detailed Description:

Two horse chestnut trees in the garden of 7 Snowden Close, to the east of the house. The trees are located within Group 2 of Crowland Tree Preservation Order No. 5 1986.

Application to remove two 'diseased horse chestnut trees' which are 'dead and rotting underground and pose a safety risk'.

South Holland District Council hereby give notice that this application has been GRANTED (or equivalent) subject to the following condition(s):

1 That the proposed work is carried out within two years of the date of this decision unless otherwise agreed with the District Council.

2 Work is to be carried out in accordance with BSI 3998 : 2010, 'Recommendations for Tree Work'.

3 The resulting stumps of the trees should be ground out/removed to at least 300mm below ground level, unless otherwise agreed with the District Council, to help reduce the risk of the stumps harbouring decay fungi which could infect nearby trees.

Notes:

The necessary consent of all other interested parties should be obtained before the works proceed.

In this case the duty of the landowner is to plant another tree to replace each removed, of an appropriate size and species, at the same place and as soon as reasonably possible.

It is recommended that the trees are replaced with whitebeam, silver birch or field maple of at least 1.5 metres in height on planting as near as reasonably practicable to the position of the original trees within a period of twelve months. The trees to be planted in the existing line.

Modifications to the details may be agreed with the Local Planning Authority.

Please inform the Local Planning Authority as soon as replanting has taken place and indicate the position of the replacement trees. Section 207 of the Town and Country Planning Act 1990 empowers this Authority to issue a Notice formally requiring replacement trees to be planted.

Under the Wildlife and Countryside Act 1981 (as amended) all birds, their nests and eggs are protected by law and it is an offence to damage or destroy the nest of any wild bird while it is in use or being built. In the event of query please contact Natural England at their Lincoln office on 03000 603900.

Bats are protected species under the Wildlife and Countryside Act 1981 (as amended) and in the event that bats are living in any cavities in the tree(s), or if they are discovered while the works are taking place, please inform Natural England at their Lincoln office on 03000 603900 before works proceed.
