GENERAL NOTES

1. This drawing is to be read in conjunction with all other relevant architectural and engineers drawings and specifications.

2. All dimensions specified on the drawing are in millimetres (mm). For the purposes of construction, this drawing must not be scaled and only written or calculated dimensions used.

3. Dimensions to be checked on site by the contractor and any discrepancies brought to the Engineers or Architects attention in accordance with the specification.

4. All proprietary products to be strictly used in accordance with the manufacturers specification and details.
