Department for Environment Food & Rural Affairs

Biodiversity gain plan

Submit a biodiversity gain plan to show how your development will achieve biodiversity net gain.

When to use this form

A biodiversity gain plan shows how a development will achieve 10% biodiversity net gain (BNG). Submit this form to your local planning authority after they approve your planning application.

Unless your development is exempt, you cannot start the development until the LPA approves your biodiversity gain plan and biodiversity metric calculation tool.

1. Submission details

1.1 Date

For example, 3/11/2023

09.05.2025

1.2 Planning application reference number

H02-0182-25

1.3 Local planning authority (LPA)

South Holland District council

1.4 Development site address

If the site does not have an address, enter the OS grid reference.

Crowland Health Centre, Thorney Road, Crowland, Peterborough, PE6 0AL

1.5 Describe the development

Tell us about the proposed development and any changes of use (250 words).

The proposed development involves the installation of a single storey modular portable building including steel cladding walls and a flat roof. The building will be temporary and is expected to be removed after three years. The existing grassland will be displaced through temporary installation of the Portakabin unit and will be reinstated once the building is removed. Soft landscaping includes other neutral grassland.

2. Developer details

2.1 Applicant name

Mr Niall McDonald

2.2 Company name

Portakabin Ltd

2.3 Address

Portakabin Limited, St Albans Hire Centre, Old Parkbury Lane, St Albans, AL2 2DZ

2.4 Email address

[redacted]

2.5 Telephone number

[redacted]

2.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

2.7 Signature

Niall McDonald

2.8 Date

19.08.2025

3. Responsible person details

Tell us about who is responsible for completing the biodiversity gain plan. For example, a consultancy ecologist or planning agent.

3.1 Name

Jessica Davies

3.2 Company name

Arthian Ltd.

3.3 Address

13 Henderson Road,

Inverness,

IV1 1SN

3.4 Email address

[redacted]

3.5 Telephone number

[redacted]

3.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

3.7 Signature

[redacted]

3.8 Date

14/08/2025

4. Biodiversity net gain strategy

4.1 Is the relevant date for the pre-development biodiversity value the same date as the planning application?

☒ Yes
☐ No

4.2 If no, what earlier date did you agree with the LPA?

4.3 How have you met the guidance on 'what counts towards your BNG'?

Find out what you can count towards a development's BNG

Yes

4.4 How will you avoid or minimise impacts to habitats?

Tell us about the steps you've taken on site, including to avoid or minimise the impact on irreplaceable habitats.

The site is a small area (0.0125ha total area) and therefore not all habitats at the site can avoid impacts, however amenity grassland and ephemeral/short perennial is being retained where possible.

No irreplaceable habitats on site.

4.5 Did you use your local nature recovery strategy to inform the strategic significance of habitats?

This includes other specified strategies if you do not have a local nature recovery strategy.

☒ Yes
☐ No

4.6 How will you achieve the target net gain percentage?

☒ On-site
☐ Off-site

☐ Both

4.7 Are any of your on-site enhancements considered 'significant'?
Find out what counts as a significant on-site enhancement.

☐ Yes
☒ No

4.8 If yes, tell us about the significant on-site enhancements
Include the appropriate planning condition or how you've secured the habitat.

N/A.

4.9 How many off-site biodiversity units do you need to meet 10% net gain?

None.

4.10 Explain why you're using off-site biodiversity units
Only answer this question if you're planning to use off-site biodiversity units (250 words).

N/A

4.11 Explain why you're planning to use statutory biodiversity credits
Only answer this question if you're planning to use statutory biodiversity credits (250 words).

Not using statutory biodiversity credits.

4.12 Do you have a habitat management and monitoring plan?
☒ Yes
☐ No

4.13 Have you used the statutory biodiversity metric tool?
☒ Yes
☐ No

4.14 Biodiversity metric calculation
Send your biodiversity metric calculation to the LPA and enter the file name.

318822 Portakabin Crowland Health Centre - BNG v1.0

4.15 Condition assessments
Send your condition assessments to the LPA and enter the file name.

318822 Portakabin Crowland Health Centre - Condition Sheets - V1.0

4.16 Pre-development habitat survey report and map

Send your baseline habitat survey report and map to the LPA. Enter the file name.

318822 Portakabin Crowland Health Centre - BNG report v1.0

4.17 Post-development habitat map or landscape plan

Send your post-development habitat survey report and map to the LPA. Enter the file name.

318822 – ADW01 – Draft – v0.1

4.18 Have you included an approved habitat degradation in the baseline?

If yes, include the relevant consenting body and reference number.

☐ Yes
☒ No

Consenting body

Reference number

5. Irreplaceable habitats

5.1 Does the development impact any irreplaceable habitats?

If yes, tell us if you've submitted an approved compensation plan.

☐ Yes
☒ No

5.2 Have you submitted an approved compensation plan?

☐ Yes
☐ No

6. On-site habitat enhancements

Answer this section if your development includes on-site habitat enhancements.

6.1 Survey date

For example, 3/11/2023

07/03/2025

6.2 Survey constraints

For example, access issues, weather, or seasonal constraints.

Habitat surveys to inform BNG assessments should be undertaken in the main planting growing season of April to September. However, based on habitat characteristics of the

site, they are easily recognisable, non-natural and relatively low risk. Therefore, we believe that is acceptable to undertake the site visit outside of the plant growing season.

6.3 Total pre-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

0.03

Number of hedgerow biodiversity units

0

Number of watercourse biodiversity units

0

6.4 Total post-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

0.03

Number of hedgerow biodiversity units

0

Number of watercourse biodiversity units

0

6.5 Total net change in biodiversity units

Enter the number from the headline results in your statutory biodiversity metric calculation.

Area habitat biodiversity units

0

Area habitat biodiversity units % change

10.43

Hedgerow biodiversity units

0

Hedgerow biodiversity units % change

0

Watercourse biodiversity units

0

Watercourse biodiversity units % change

0

6.6 Will you register and allocate any biodiversity units from your site to other developments?

If yes or provisionally, give details.

☐ Yes

☒ No

6.7 Give details

Tell us about the amount of biodiversity units and the development location (250 words).

7. Off-site habitat enhancements

Answer this section if your development includes off-site habitat enhancements.

7.1 Tell us about the off-site habitat enhancements

Include whether you're delivering the off-site enhancements or buying biodiversity units.

No off-site enhancements being used.

7.2 Biodiversity gain site register reference number

7.3 How have you secured the off-site habitat enhancements?

Tell us about any responsible bodies and whether you've used an S106 or conservation covenant.

7.4 Total baseline biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

Number of hedgerow biodiversity units

Number of watercourse biodiversity units

7.5 Total biodiversity value post-intervention

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

Number of hedgerow biodiversity units

Number of watercourse biodiversity units

7.6 Total net change in biodiversity units

Enter the number from the headline results in your statutory biodiversity metric calculation.

Area habitat biodiversity units

Area habitat biodiversity units % change

Hedgerow biodiversity units

Hedgerow biodiversity units % change

Watercourse biodiversity units

Watercourse biodiversity units % change

8. Statutory biodiversity credits

Answer this section if you need to use statutory biodiversity credits.

8.1 Do you need to use statutory biodiversity credits?

☐ Yes
☒ No

8.2 How many statutory biodiversity credits do you need?

Tell us the unit shortfall by tier, including the spatial risk multiplier. Enter the number from the headline results in your statutory biodiversity metric calculation.

A1

A2

A3

A4

A5

H

W

8.3 What evidence is there that no units are available through the market?

Send a message from at least 3 habitat providers, or a search result from online registers.

8.4 Proof of purchase

Send proof of purchase and enter the reference number.

9. Trading summary

9.1 Distinctiveness group

Tell us if you met the BNG trading rules on habitat compensation for each distinctiveness group. If you did not meet the trading rules, tell us if you agreed bespoke habitat compensation.

Check the rules on habitat compensation in the statutory biodiversity metric user guide.

Very high

High

Medium

Low

The low distinctiveness habitats of ruderal/ephemeral and modified grassland are being replaced with modified grassland. An area of low distinctiveness modified grassland is being enhanced to a moderate distinctiveness habitat of other neutral grassland.

10. Sharing data (optional)

10.1 Can we share your ecological survey data with the Local Environmental Records Centre or other bodies?

☐ Yes
☐ No
