Wednesday 10th October 2018

Dear Sir/Madam,

Reference – PP-07331936 Decoy Farm, Crowland

This letter accompanies a planning application for a non-material amendment that is sought in relation to the solar farm approved and installed at Decoy Farm, Crowland under planning permission ref H02-0454-14. The amendments sought are all considered minor and not deemed material to the overall scheme. The amendments that are sought are as follows;

- Update drawing PA203 to include elevations of HV switchgear housing rather than the previous elevations of the comms cabinet;
- Revision of overflow tank location on site layout plan to ensure compliance;
- Amending elevations of Pad Mount Transformer;
- Update drawing PA010 to relocate a single door on approved Comms Cabinet; and
- Updating the mounting system plan to ensure compliance.

The amendments are sought to ensure overall site compliance and regularisation, with the developments listed above, important components to ensure that the site operates at maximum capacity and without issue.

I trust that the above and accompanying information provides everything that you require, should anything further be needed please do not hesitate to contact me. Otherwise I look forward to receiving confirmation that the application is valid and progressing.

Yours faithfully,

Averil Goudy
Junior Town Planner
