Breeding dogs as a business, or producing for sale puppies, needs to be licensed under the Breeding of Dogs Act 1973 amended by the Breeding and Sale of Dogs (Welfare) Act 1999. An application for a Licence to keep a Dog Breeding Establishment will be required to be submitted once the relevant planning permission is obtained. Applicants are advised to refer to the CIEH Model Licence Conditions and Guidance for Dog Breeding Establishments Document. In addition applicants are advised to refer to the conditions attached to South Holland District Council's Licence to keep a Dog Breeding Establishment. These can be obtained from the Licensing Team.
