

This drawing is the copyright of Linc Design Consultancy and must not be reproduced without written consent. The client/contractor is responsible for taking and checking all dimensions on site prior to commencement, particularly where building elements have not been available during survey, and reporting back to the architect/civil engineer any discrepancies. All materials specified on the drawing are to be used in strict accordance with manufacturers' instructions and current codes of practice.

All Details and Specifications on this drawing and in relation to the specific project should be referred to. If any variations occur the contractor/client should inform Linc Design Consultancy immediately so we cannot be held responsible for errors resulting from unexplained detail and specification changes.
