(b) the expiration of two years from the final approval of reserved matters or in the case of approval on different dates, the final approval of the last such matter to be approved.

2 The following matters are reserved for subsequent approval by the Local Planning Authority, and no development to which they relate shall be carried out until these matters have been approved, viz:

3 The approved scheme of landscaping and/or screening shall be carried out in its entirety within a period of two years beginning with the date on which development of the land is commenced. The trees, shrubs or bushes shall be adequately maintained by the owner(s) of the land on which they are situated for a period of five years beginning with the date of completion of the scheme, and all losses shall be made good during that period.

Reason: In the interests of visual amenity and to ensure that the

approved scheme is implemented satisfactorily.

4 Before the accesses are commenced to be used, provision shall be made within the site to the satisfaction of the Local Planning Authority for motor vehicles to turn to enable them to enter and leave the highway in forward gear.

Reason: To enable vehicles to enter and leave the highway in forward gear in the interests of road safety.

The site is in a rural location and the applicants are advised that the final form of development should therefore be appropriate in terms of siting, materials, landscaping etc. and reflect the advice contained in the approved Lincolnshire Design Guide.

The applicants attention is drawn to the letter from the National Rivers Authority dated 8 February 1994.
