TOWN AND COUNTRY PLANNING ACT 1990

OUTLINE

Reference: H03-0331-16 **Date of Decision:** 23rd November 2016

Applicant: Trustees of the D W Dennis Settlement
C/O Gracemachin Planning & Property
5 Malin Hill
Nottingham
NG1 1JQ

Location: Land: Caulton'S Field West Of Littleworth Drove Deeping St Nicholas Spalding Lincs

Description: Outline planning application for the erection of up to 66 dwellings (with means of access to be considered)

South Holland District Council hereby give notice that this application has been GRANTED (or equivalent) subject to the following condition(s):

1 Application for approval of reserved matters must be made not later than three years beginning with the date of this permission, and the development must be begun before the expiration of two years from the final approval of reserved matters or in the case of approval on different dates, the final approval of the last such matter to be approved.

Reason: As required by Section 92 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

2 The following matters are reserved for subsequent approval by the Local Planning Authority and no development to which these matters relate shall be carried out until these matters have been approved, viz:

i) detailed drawings of the estate layout to a scale of not less than 1:500 and including road and plot layouts;

ii) detailed drawings to a scale of not less than 1:100 showing the siting, design and external appearance of each building, including a schedule of the materials to be used for external walls and roof;
iii) the means of foul and surface water disposal;
iv) details of landscaping and tree planting.
v) the existing and proposed site levels and floor levels of the buildings and hard surfaced areas.

Reason: The application was submitted in outline only and the above details are required to enable the Local Planning Authority to assess the detailed design, scale, appearance and layout of the development as well as ensure that appropriate access and services are provided to serve the development.
This Condition is imposed in accordance with Policies SG12, SG13, SG14 and SG18 of the South Holland Local Plan, 2006 and national guidance contained in Section 10 of the National Planning Policy Framework, 2012.

3 The development hereby permitted shall be carried out in accordance with the following approved plans:

1429D/002, 1429D/SA1, 15-175-01, Revised Flood Risk Assessment prepared by bsp consulting dated July 2016.

Reason: For the avoidance of doubt and in the interests of proper planning.

4 There shall be no more than 66 dwellings erected on this site.

Reason: For the avoidance of doubt and in the interests of proper planning and because contributions to mitigate development have been calculated on this layout.

5 No development shall take place until a written scheme of archaeological investigation has been submitted to and approved in writing by the Local Planning Authority. This scheme should include the following and should be in accordance with the archaeological brief supplied by the Lincolnshire County Council Historic Environment advisor on behalf of the Local Planning Authority:

1. An assessment of significance and proposed mitigation strategy (i.e. preservation by record, preservation in situ or a mix of these elements).
2. A methodology and timetable of site investigation and recording
3. Provision for site analysis
4. Provision for publication and dissemination of analysis and records
5. Provision for archive deposition
6. Nomination of a competent person/organisation to undertake the work
7. The scheme to be in accordance with the Lincolnshire Archaeological Handbook.
The archaeological site work shall only be undertaken in accordance with the approved written scheme.

Reason: To ensure the preparation and implementation of an appropriate scheme of archaeological mitigation in accordance with national guidance contained in Section 12 of the National Planning Policy Framework, 2012. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.

6 The applicant shall notify the Lincolnshire County Council Historic Environment Department in writing of the intention to commence at least fourteen days before the start of archaeological work required in connection with Condition 5 above in order to facilitate adequate monitoring arrangements.

Reason: To ensure satisfactory archaeological investigation and retrieval of archaeological finds in accordance with national guidance contained in Section 12 of the National Planning Policy Framework, 2012.

7 A copy of the final report required in connection with Condition 5 above shall be submitted within three months of the work being carried out to the Local Planning Authority and the Lincolnshire Historic Environment Record. The material and paper archive required as part of the written scheme of investigation shall be deposited with an appropriate archive in accordance with guidelines published in The Lincolnshire Archaeological Handbook.

Reason: To ensure satisfactory arrangements are made for the recording of possible archaeological remains in accordance with national guidance contained in Section 12 of the National Planning Policy Framework, 2012.

8 A detailed scheme of construction management to minimise disturbance during the construction process through noise, dust, vibration and smoke shall be submitted to and approved in writing by the Local Planning Authority before the development commences and the construction process shall be carried out in accordance with the scheme so approved.

The scheme shall incorporate all the requirements of Railtrack as set out in the accompanying email dated 16 may 2016 from Matthew Leighton.

Reason: In the interests of the amenity of local residents. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policy SG17 of the South Holland Local Plan, 2006.

9 Details of the precautions to be taken to prevent the deposit of mud on public highways by vehicles travelling from the site during construction of the development shall be submitted to and approved in writing by the Local Planning Authority before the development commences. These facilities shall include the provision of wheel washing facilities where considered necessary by the Local Planning Authority. These precautions shall be made available before commencement of the construction of the development and be kept available and in full working order until such time as the Local Planning Authority agrees in writing to their withdrawal or the completion of the development.

Reason: In the interests of highway safety during the construction process. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policies SG15 and SG17 of the South Holland Local Plan, 2006.

10 Prior to the commencement of the first use of the development hereby permitted cycle

racks shall be provided in the vicinity of the dwellings of a design and in positions which shall be approved in writing by the Local Planning Authority.

Reason: To ensure that adequate secure facilities are provided for cyclists using the site. This Condition is imposed in accordance with Policy SG15 of the South Holland Local Plan, 2006.

11 The development hereby permitted shall not be commenced until a scheme to deal with any contamination of land or pollution of controlled waters has been submitted to and approved in writing by the Local Planning Authority (LPA) and until the measures approved in that scheme have been implemented. The scheme shall include all of the following measures:

ii) a site investigation shall be carried out to fully and effectively characterise the nature and extent of any land contamination and/or pollution of controlled waters. It shall specifically include a risk assessment that adopts the Source-Pathway-Receptor principle, in order that any potential risks are adequately assessed taking into account the sites existing status and proposed new use. Two full copies of the site investigation and findings shall be forwarded to the LPA without delay upon completion.
iii) thereafter, a written method statement detailing the remediation requirements for land contamination and/or pollution of controlled waters affecting the site shall be submitted to and approved in writing by the LPA, and all requirements shall be implemented and completed to the satisfaction of the LPA. No deviation shall be made from this scheme. If during redevelopment contamination not previously considered is identified, then the LPA shall be notified immediately and no further work shall be carried out until a method statement detailing a scheme for dealing with the suspect contamination has been submitted to and agreed in writing by the LPA.
iv) two full copies of a full closure report shall be submitted to and approved in writing by the LPA. The report shall provide verification that the required works regarding contamination have been carried out in accordance with the approved Method Statement(s). Post-remediation sampling and monitoring results shall be included in the closure report to demonstrate that the required remediation has been fully met.

Note
The applicant is advised that the phased risk assessment required by the Contaminated Land Scheme Condition should be carried out in accordance with the procedural guidance of the Environmental Protection Act 1990 Part 11A.
The applicant's attention is also drawn to the document entitled "Developing Land Within Lincolnshire - A guide to submitting planning applications to develop land that may be contaminated", which can be obtained through the Local Environmental Health Department.

Reason: To assess whether the site is polluted and to address any pollution to ensure a satisfactory development. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policy SG13 of the South Holland Local Plan, 2006.

12 Before the commencement of the development hereby permitted, a noise and vibration report prepared by a suitably qualified consultant shall be submitted to and approved in

writing by the Local Planning Authority. This report shall identify any measures or works necessary to ensure that there is no possible nuisance caused to the proposed residential properties from noise or vibration.

Those measures and works so approved by the Local Planning Authority shall be implemented in full before the development hereby granted is first brought into use.

Reason: To ensure that there is no noise nuisance to nearby residents. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policy SG17 of the South Holland Local Plan, 2006.

13 The development hereby permitted shall be carried out in strict accordance with the measures set out in the Revised Flood Risk Assessment and accompanying letter dated July 2016, forming part of this planning application, unless otherwise agreed in writing by the Local Planning Authority.

In particular the following measures shall be implemented:

- The Finished Floor Levels shall be set at no lower that 1.4M AOD;
- The dwellings shall all be two-storey.

Reason: To ensure that the development does not increase the risk of flooding or be at risk of flooding.
This Condition is imposed in accordance with national guidance contained in Section 10 of the National Planning Policy Framework, 2012.

14 Before the commencement of the development hereby permitted, full details of the existing and proposed site levels and proposed floor levels of the buildings and hard surfaced areas shall be submitted to and approved in writing by the Local Planning Authority. The development shall be constructed in accordance with the details so approved.

Reason : To ensure that the Local Planning Authority retains control over the finished site and floor levels of the development, in the interests of the amenity of adjacent residents and its visual and architectural relationship with adjacent development. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policies SG14 and SG17 of the South Holland Local Plan, 2006.

15 Before each dwelling (or other development as specified) is occupied the roads and/or footways providing access to that dwelling, for the whole of its frontage, from an existing public highway, shall be constructed to a specification to enable them to be adopted as Highways Maintainable at the Public Expense, less the carriageway and footway surface courses. The carriageway and footway surface courses shall be completed within three months from the date upon which the erection is commenced of the penultimate dwelling (or other development as specified).

Reason: To ensure safe access to the site and each dwelling/building in the interests of residential amenity, convenience and safety.
This Condition is imposed in accordance with Policies SG14 and SG15 of the South Holland Local Plan, 2006.

16 No dwellings (or other development as specified) shall be commenced before the first 60 metres of estate road from its junction with the public highway, including visibility splays, as shown on drawing number 15736-241 revision A dated 1 July 2016 has been completed.

Reason: In the interests of safety of the users of the public highway and the safety of the users of the site and to enable calling vehicles to wait clear of the carriageway of Littleworth Drove. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policies SG14 and SG15 of the South Holland Local Plan, 2006.

17 No development shall be commenced until details of the proposed arrangements for future management and maintenance of the proposed streets within the development have been submitted to and approved by the local planning authority. (The streets shall thereafter be maintained in accordance with the approved management and maintenance details until such time as an agreement has been entered into under Section 38 of the Highways Act 1980).

Reason: To ensure that the estate streets serving the development are completed and thereafter maintained to an acceptable standard in the interest of residential/highway safety; to ensure a satisfactory appearance to the highways infrastructure serving the development; and to safeguard the visual amenities of the locality and users of the highway. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policies SG14 and SG15 of the South Holland Local Plan, 2006

18 Before any dwelling is commenced, all of that part of the estate road and associated footways that forms the junction with the main road and which will be constructed within the limits of the existing highway, shall be laid out and constructed to finished surface levels in accordance with details to be submitted and approved by the local planning authority.

Reason: In the interests of safety of the users of the public highway and the safety of the users of the site. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policies SG14 and SG15 of the South Holland Local Plan, 2006.

19 No development shall take place until a surface water drainage scheme for the site, based on sustainable urban drainage principles and an assessment of the hydrological and hydrogeological context of the development, has been submitted to and approved in writing by the Local Planning Authority.

The scheme shall:
a) Provide details of how run-off will be safely conveyed and attenuated during storms up to and including the 1 in 100 year critical storm event, with an allowance for climate change, from all hard surfaced areas within the development into the existing local drainage infrastructure and watercourse system without exceeding the run-off rate for the undeveloped site;
b) Provide attenuation details and discharge rates which shall be restricted to 1.4 litres per second per hectare;
c) Provide details of the timetable for and any phasing of implementation for the drainage scheme; and
d) Provide details of how the scheme shall be maintained and managed over the lifetime of the development, including any arrangements for adoption by any public body or Statutory Undertaker and any other arrangements required to secure the operation of the drainage system throughout its lifetime.

The development shall be carried out in accordance with the approved drainage scheme and no dwelling shall be occupied until the approved scheme has been completed or provided on the site in accordance with the approved phasing. The approved scheme shall be retained and maintained in full in accordance with the approved details.

Reason: To ensure that the site is adequately drained, to avoid pollution, and to prevent increased risk of flooding. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policies SG11 and SG12 of the South Holland Local Plan, 2006 and national guidance contained in Section 10 of the National Planning Policy Framework, 2012.

20 When application is made to the Local Planning Authority for approval of reserved matters, that application shall be accompanied by a scheme of landscaping and tree planting indicating, inter alia, the number, species, heights on planting and positions of all trees in respect of the land to which that application relates, together with details of post-planting maintenance and such a scheme shall require the approval of the Local Planning Authority before any development is commenced. Such scheme as is approved by the Local Planning Authority shall be carried out in its entirety within a period of twelve months beginning with the date on which development is commenced. All trees, shrubs and bushes shall be maintained by the owner or owners of the land on which they are situated for the period of five years beginning with the date of completion of the scheme and during that period all losses shall be made good as and when necessary.

Note: The applicant is recommended to employ a qualified and experienced landscape designer to produce a landscaping scheme for the development.

Reason: To ensure that the development is adequately landscaped, in the interests of its visual amenity and that of the area in which it is set. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.
This Condition is imposed in accordance with Policy SG18 of the South Holland Local Plan, 2006.

21 Prior to its installation, details of the proposed boundary treatment, including a schedule of

materials, and details of the size and species of any hedging, shall be submitted to and approved in writing by the Local Planning Authority, and the details so approved shall be implemented in full before the development is first brought into use.

Reason: In the interests of the character and appearance of the development and the visual amenity of the area in which it is set.
This Condition is imposed in accordance with Policy SG14 of the South Holland Local Plan, 2006.

22 Prior to the commencement of the development hereby permitted beyond oversite, a plan illustrating all areas of publicly accessible open space shall be submitted to and approved in writing by the Local Planning Authority. The areas so approved shall be laid out and made available for use in accordance with a specification and phasing that shall first be agreed in writing by the Local Planning Authority, and shall thereafter be so maintained.

Reason: To ensure that adequate open space provision is made available for the occupiers of the development hereby permitted and that provision is made for the management and maintenance of the open space.
This Condition is imposed in accordance with Policies SG14 and HS11 of the South Holland Local Plan, 2006.

23 A management plan for the areas of publicly accessible open space and any outdoor play areas, including management responsibilities and maintenance schedules, shall be submitted to and approved in writing by the Local Planning Authority prior to the commencement of the development hereby permitted beyond oversite. The management of these areas shall be carried out in accordance with the details so approved.

Reason: To ensure that adequate open space provision is made available for the occupiers of the development hereby permitted and that provision is made for the management and maintenance of the open space.
This Condition is imposed in accordance with Policies SG14 and HS11 of the South Holland Local Plan 2006.

24 Before the commencement of the development hereby permitted beyond oversite a schedule of external materials of construction of buildings and hard surfaced areas shall be submitted to and approved in writing by the Local Planning Authority. The development shall be constructed in accordance with the materials so approved.

Reason : To ensure that the Local Planning Authority retains control over the external materials of construction of the development in the interests of the character and appearance of the development and the visual amenity of the area in which it is set.
This Condition is imposed in accordance with Policy SG14 of the South Holland Local Plan, 2006.

25 Details of the design and positions of all external boxes for gas and electricity supplies and of any gas flues and soil vent pipes shall be submitted to and approved in writing by the Local Planning Authority prior to their installation and there shall be no variation from the details so approved.

Reason: To ensure that the Local Planning Authority retains control over these details of

the development in the interests of the character and appearance of the development and the visual amenity of the area in which it is set.
This Condition is imposed in accordance with Policy SG14 of the South Holland Local Plan, 2006.

26 When application is made to the Local Planning Authority for the approval of reserved matters, that application shall be accompanied by the following details:

i) a plan providing the following information for each tree on site with a trunk diameter exceeding 100mm measured over the bark at a point 1.5 metres above ground level:
-a reference number
-its location
-its species
-an accurately drawn canopy and measurements of its radius
-its approximate height
-an assessment of its general state of health and stability;
ii) details of which trees are proposed to be removed;
iii) details of any proposed topping or lopping of any retained tree, or of any tree on land adjacent to the site.

None of the existing trees on the site shall be cut down, up-rooted, destroyed, topped or lopped until the above information has been submitted to and approved by the Local Planning Authority unless first agreed in writing by the Local Planning Authority.

Reason: To ensure the protection of those trees on the site which are of amenity value, in the interest of the visual amenity of the locality.
This Condition is imposed in accordance with Policy SG18 of the South Holland Local Plan, 2006 and national guidance contained in Section 11 of the National Planning Policy Framework, 2012.

27 Where trees are to be retained on site they shall be protected during construction work as follows:

i)chestnut pale or similar fencing 1.5 metres in height shall be provided around the trees to be retained before development is commenced at a minimum distance from the trunks equal to the spread of the crowns of the trees. No materials, equipment, site huts, fuels or other items shall be placed or stored within the areas enclosed by the fencing so erected and the ground levels within those areas shall not be altered, nor shall any excavation be made,
ii)no burning of materials or other items shall take place within 3 metres of the crown spread of any of the trees to be retained;
iii)no services shall be routed under the spread of the crowns of the trees to be retained;
iv)no retained tree shall be cut down, up-rooted, destroyed, topped or lopped unless first agreed in writing by the Local Planning Authority;
v)if any tree which is to be retained dies or is to be removed it shall be replaced within six months thereafter with a tree of such size and species which shall be first be agreed in writing by the Local Planning Authority.
Reason: To ensure the protection of trees on the site.

This Condition is imposed in accordance with Policy SG18 of the South Holland Local

Plan, 2006 and national guidance contained in Section 11 of the National Planning Policy Framework, 2012.

28 The development shall not commence until a scheme for the provision of biodiversity enhancements has been submitted to and approved in writing by the Local Planning Authority, including measures for planting indigenous species of plants, trees and shrubs to encourage bats and other protected species.

Reason: To enhance and contribute to biodiversity in accordance with the guidance within the NPPF.

31 Under the Wildlife and Countryside Act 1981 (as amended) all birds, their nests and eggs are protected by law and it is an offence to damage or destroy the nest of any wild bird while it is in use or being built. In the event of query please contact Natural England at their Lincoln office on 03000 603900.

Notes:

Should unexpected contamination be discovered on the site at any time, the applicant is advised to contact the District Council's Environmental Protection department immediately

The applicant is reminded that it is an offence under the wildlife and Countryside Act, 1981 (as amended) to kill, injure, or take (handle) any protected species occupying a place of shelter or protection and also to take, damage or destroy the nest of any wild bird while that nest is in use or being built. If evidence of bats is found before or whilst the work is carried out you are advised to contact Natural England at their Lincoln office (telephone 03000 603900).

The Local Planning Authority has acted positively and proactively in determining this application by assessing it against all material considerations, including national guidance, planning policies and representations that have been received during the public consultation exercise, and subsequently determining to grant planning permission.

This decision notice, the relevant accompanying report and the determined plans can be viewed online at http://planning.sholland.gov.uk/OcellaWeb/planningSearch

This planning permission is subject to an Agreement under Section 106 of the Town & Country Planning Act 1990 and can only be implemented as a consequence of meeting the provisions of that Agreement

Paul Jackson
Place Manager
South Holland District Council

BUILDING REGULATIONS:

This decision refers only to planning permission as granted under the Town and Country Planning Act 1990. The works that you are proposing may also require Building Regulations and this planning permission does not give authority under Building Regulations to commence work. Please contact the Building Control section for further information on 01775 764557 or bcadmin@sholland.gov.uk

RIGHTS OF APPEAL

Appeals to the Secretary of State

If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or grant consent subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990 or Section 20 of the Planning (Listed Building and Conservation Areas) Act 1990.

Timescales for appealing

The deadlines for appeals are calculated from the **date of decision** and are as follows for the types of applications below:

12 Weeks	6 Months	8 Weeks
Householder Applications	Planning Permission	Consent to Display Adverts
Minor Commercial Development	Listed Building Consent	
Agricultural Determinations	Other Prior Approval Applications	
Householder Prior Approval Applications		

Enforcement Notices

If an enforcement notice was served prior to the planning application being determined then the deadline for appealing is 28 days from the date of the **planning refusal**

If an enforcement notice is served after the planning application is determined then the deadline for appealing is 28 days from the date of the **enforcement notice** OR **the timescales stated above for each application type** from the date of the planning refusal - whichever is sooner.

All appeals must be made using an Appeal Form which you can get from The Planning Inspectorate at Temple Quay House, 2 The Square, Bristol, BS1 6PN (tel: 0303 444 5000) or you can submit your appeal online at:

http://www.planningportal.gov.uk/planning/appeals/online/makeanappeal

The Secretary of State can allow a longer period for giving notice of an appeal but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to him that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions it imposed, having regard to the statutory requirements, to the

provisions of the development order and to any directions given under the order. In practice the Secretary of State does not refuse to consider appeals solely because the Local Planning Authroity based its decision on a direction given by him.

For detailed information on appeals, appeal types and guidance on the appeals process please visit:

http://www.planningportal.gov.uk/planning/appeals/planningappeals

Purchase Notices

If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grant it subject to conditions the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of the Part VI of the Town and Country Planning Act 1990 or Section 32 of the Planning (Listed Building and Conservation Areas) Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference of the application to him.

These circumstances are set out in Section 114 and related provisions of the Town and Country Planning Act 1990 and Section 27 of the Planning (Listed Building and Conservation Areas) Act 1990.
