### Westminster Natural Bin

Playground Furniture

A traditional styled timber bin with galvanised steel basket insert and lockable front. Manufactured from low-maintenance, long-lasting treated timbers.

### Natural Park Seat

Playground Furniture

Take a seat, relax, or meet with friends on our comfortable Natural Park Bench. Made from durable timber this low maintenance seat is the perfect seating option for your playground.

### Safagrass Mats

Safety Surfacing

Our rubber safagrass surfacing is an environmentally friendly, non-slip, impact absorbing safety and footway surface ideal for use around school playgrounds and public play areas. The surfacing provides a critical fall height of up to 2.3m subject to soil conditions. It's also wheelchair and pushchair friendly and can also be used for high-wearing walkways.

- **Dedicated in-house installation and maintenance teams**
- **Spare parts shop for all major manufacturers parts, next day delivery**
- **Over 30 years of continuous local business**
- **Association of Play Industries (API) member**
- **15+ year guarantee on playground equipment**
- **Free of charge “One year on” operational inspection**
