To Whom it May Concern

We usually open for the sale of plants and wooden planters from **April / May** until **August / September**.

We also reopen again for **2 weeks in December** for the sale of Christmas Trees, usually selling approx.. 30 to 40 trees.

As for opening hours it is very dependent on the weather but mostly our trade is conducted from a Friday to Sunday inclusive.

The majority of our plants are from 'plug plants' which we grow on in our 8' X 14' greenhouse or cuttings taking from our established plants.

We have ample space for parking on our land as you will see from the 'Title Plan' I have enclosed with the 'change of use' application.

If you need any further information I will gladly provide you with this.

Regards

Mrs Patricia Andrews.
