DO NOT SCALE FROM THIS DRAWING The drawing is copyright and may not be copied, loaned, photographed or used for any other purpose other than that for which it is issued. The General Contractor is to check all dimensions on site and report any discrepancies to the Architect. All details shown on the drawing including foundations are shown on typical site locations related to the area. No responsibility can be accepted for alterations or conditions which may be discovered during construction unless reported to the architect by the design amendments may be considered. Data not shown are recommended in respect of functions to establish specific for the contractor before foundation work is undertaken. The drawing is limited to the amount of information contained and does not purport to contain a full specification of the works. It is the responsibility of the contractor to obtain Planning / Building Regulations. The drawing must not be used as a contract document and is issued as a recommended drawing. The works will not be supervised or included on site by G.F. Merchant or any representative thereof. It is the client or their appointed agents responsibility to ensure correct construction of materials, adherence to specifications, compliance with regulations and to ensure access to services etc.		
All materials to be new unless otherwise stated and all components and materials etc. to be used as listed and installed, and to be used according to manufacturer's instructions and relevant codes of practice. Builders and contractors to approximate British standards specifications or BSIA equivalent or European codes equivalent. The Employer / Client must ensure that the selected contractor is conversant with and adopts all measures necessary to achieve compliance with Health and Safety Regulations for Building plots and Work places. The Employer / Client is advised that should the work be done in compliance with the Construction, Design and Management Regulations in respect of Planning and Building Acts will be required. The works shall comply with all that is shown on the drawing and details. Work that is not specifically shown will not be necessary unless as necessary to carry out the works shall be deemed to be included.
