TOWN AND COUNTRY PLANNING ACT 1990
TREE WORKS IN A CONSERVATION AREA

Reference: H04-0058-21 **Date of Decision:** 1st March 2021

Applicant: Mr N Sardeson
Unit 7 Witham Park House
Waterside South
Lincoln
LN5 7JN

Location: 10 Barnsdale Mews Donington Spalding

Description: Works to Trees in Donington Conservation Area

Detailed Description:

Notification to remove trees which grow in the footpath immediately adjacent to 10 Barnsdale Mews.

Please see the plan accompanying the Notification for the location of the trees.

'T1. Group of 3x cherry trees 12m tall, 20-30cm diameter, vigorous, probably suckers, less than 2m from house growing on footpath, through phone lines, unsuitable for location, propose fell.

T2. Ash, 8m tall, 10cm diameter, touching fence, self-set, propose fell.'

South Holland District Council has considered the proposal and has no objections, subject to any recommendation set out below;

1 That the proposed work is carried out within two years of the date of this letter of 'No Objection'.

2 Work is to be carried out in accordance with BSI 3998 : 2010, 'Recommendations for Tree Work'.

3 If possible the resulting stumps of the trees should be ground out/removed to at least 300mm below ground level, to help reduce the risk of the stumps harbouring decay fungi

which could infect nearby trees. The Tree Report mentions poisoning the stumps. The poisoning of the cherry stumps is not recommended. The trees concerned are likely to be suckers from the cherry in the garden of 10 Barnsdale Mews. If the roots of the suckers are poisoned this may be of detriment to the parent tree.

Notes:

The necessary consent of all other interested parties should be obtained before the works proceed.

Under the Wildlife and Countryside Act 1981 (as amended) all birds, their nests and eggs are protected by law and it is an offence to damage or destroy the nest of any wild bird while it is in use or being built. In the event of query please contact Natural England on Tel: 03000 603900.

Bats are protected species under the Wildlife and Countryside Act 1981 (as amended) and in the event that bats are living in any cavities in the tree(s), or if they are discovered while the works are taking place, please inform Natural England on Tel: 03000 603900 before works proceed.

Phil Norman
