

Householder Application for Planning Permission for works or extension to a dwelling and listed building consent. Town and Country Planning Act 1990

Publication of applications on planning authority websites.

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website.
If you require any further clarification, please contact the Authority's planning department.

1. Applicant Name, Address and Contact Details

Title:	Mr	First name:	Tony	Surname:	Cook
Company name:					
Street address:	36			Telephone number:	
	Church Street				
Town/City:	Donington			Mobile number:	
County:	Lincolnshire			Fax number:	
Country:	United Kingdom			Email address:	
Postcode:	PE114UA				

Are you an agent acting on behalf of the applicant? ☒ Yes ☐ No

2. Agent Name, Address and Contact Details

Title:	Mr	First Name:	Tyler	Surname:	Broker
Company name:	Smallwood Architects				
Street address:	Smallwood Architects			Telephone number:	
	11a High Street				
	St Martin's				
Town/City:	Stamford			Mobile number:	
County:	Lincolnshire			Fax number:	
Country:				Email address:	
Postcode:	PE9 2 LF			Julius.Geeson@smallwoodarchitects.co.uk	

3. Description of Proposed Works

Please describe the proposed works:

This application proposes three main areas of works; removal of the bay windows and replacement with flat stone dressed windows; removal of the Redland pantiles and to be replaced with slate, including removal of the stepped parapet; finally the removal and rearrangement of doors and windows to the rear elevations (as shown and explained on drawings).

Has the work already been started
without planning permission?

☐ Yes ☒ No

4. Site Address Details

Full postal address of the site (including full postcode where available)

House:36

Suffix:

House name:Church House

Street address:Church Street

Donington

Town/City:Spalding

County:

Postcode:PE11 4UA

Description of location or a grid reference
(must be completed if postcode is not known):

Easting:520851

Northing:335905

Description:

5. Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

☒ Yes

☐ No

If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):

Officer name:

Title:Ms

First name:Julie-Anne

Surname:Middleditch

Reference:-

Date (DD/MM/YYYY):(Must be pre-application submission)

Details of the pre-application advice received:

Whilst there was no formal written pre-application advice, Julie-Anne has attended site and spoken over the telephone regarding the alterations to Church House. During this she has agreed that the bays can be removed; and in principal that a flat window design, reflecting Georgian proportions would be acceptable.

6. Pedestrian and Vehicle Access, Roads and Rights of Way

Is a new or altered vehicle access proposed to or from the public highway?

☐ Yes

☒ No

Is a new or altered pedestrian access proposed to or from the public highway?

☐ Yes

☒ No

Do the proposals require any diversions, extinguishment and/or creation of public rights of way?

☐ Yes

☒ No

7. Trees and Hedges

Are there any trees or hedges on your own property or on adjoining properties which are within falling distance of your proposed development?

☐ Yes

☒ No

Will any trees or hedges need to be removed or pruned in order to carry out your proposal?

☐ Yes

☒ No

8. Materials

Please provide a description of existing and proposed materials and finishes to be used in the build (demolition excluded):

External walls - add description

Description of existing materials and finishes:

The external walls of the house are constructed from red brick in Flemish bond and has ashlar painted dressings including chamfered rusticated quoins, a wide first floor plat band and modillion cornice.

Description of proposed materials and finishes:

The proposed works make no change to the existing red brick.

Roof covering- add description

Description of existing materials and finishes:

The original roof was slate, but some portions have been replaced with Redland statesman pantiles in more recent times.

Description of proposed materials and finishes:

The proposal removes the three areas of roof that currently have Redland statesman roof tiles and replaces them with slate, lead flashings and blue clay ridge tiles. These areas are clearly marked on the proposed drawings. In addition, the stepped parapet will be removed and returned to its original straight slope as per the roof beyond. The wall will then be capped with reconstituted stone cappings, with lead flashings and sockets. The dilapidated lead downpipes will also be removed and replaced with cast iron heritage rain water goods.

Chimney - add description

Description of existing materials and finishes:

The chimneys match the existing walls in that they are constructed from red brick in Flemish bond.

Description of proposed materials and finishes:

The proposed works leave all chimneys unaltered.

8. Materials (continued)

Windows - add description

Description of *existing* materials and finishes:

The two bay windows to the front (East) elevation are 20C additions. These bays are not constructed of the original brick and are in poor condition. It is thought that the original house would have had flat, dressed stone windows of Georgian proportion, most probably with 6 over 6 style windows (as per the central first floor window). The remaining windows are.....

Description of *proposed* materials and finishes:

There are new windows proposed on the East façade which are proportioned to suit both the first floor windows and the front door’s scale and aesthetic. The windows are arranged with two central mullions and the perimeter will be finished with dressed stone, including cills and pediments to reflect the adjacent opening treatments. The infill’s required will be in the existing brick.
There is also intent to carry out window and door replacements and minor alteration works to the rear of the house. To the west elevation the existing late 20C double doors are proposed to be removed as they are of poor quality and in poor repair. They will be replaced with painted, half glazed, timber French doors and both the opening and the steps will be widened slightly. On the south elevation, the existing glazed single door will be removed and a new Georgian proportioned window to match the existing ground floor window to the main house on the west elevation. The new window will be positioned centrally on its façade and the remaining opening (from the single door) will be in filled with the demolished bricks to match the existing façade.

External doors - add description

Description of *existing* materials and finishes:

A combination of painted timber door and glazed doors.

Description of *proposed* materials and finishes:

For the most part these will be left as existing. However to the west elevation the existing late 20C double doors are proposed to be removed as they are of poor quality and in poor repair. They will be replaced with painted, half glazed, timber French doors and both the opening and the steps will be widened slightly. On the south elevation, the existing glazed single door will be removed and a new Georgian proportioned window to match the existing ground floor window to the main house on the west elevation.

Ceilings - add description

Description of *existing* materials and finishes:

As existing

Description of *proposed* materials and finishes:

As existing with no alternation.

Internal walls - add description

Description of *existing* materials and finishes:

As Existing

Description of *proposed* materials and finishes:

As existing with no alternation.

Floors - add description

Description of *existing* materials and finishes:

As Existing

Description of *proposed* materials and finishes:

As existing with no alternation.

Internal doors - add description

Description of *existing* materials and finishes:

As Existing

Description of *proposed* materials and finishes:

As existing with no alternation.

Rainwater goods - add description

Description of *existing* materials and finishes:

Lead downpipes

Description of *proposed* materials and finishes:

The intention is that the dilapidated lead downpipes will be removed and replaced with cast iron heritage rain water goods.

Boundary treatments - add description

Description of *existing* materials and finishes:

Brick walls, metal fencing and tall hedges.

Description of *proposed* materials and finishes:

As existing with no alteration.

Vehicle access and hard standing - add description

Description of *existing* materials and finishes:

Main gate to the property located to the East of the site and faces the main public road with paved concrete.

Description of *proposed* materials and finishes:

As existing with no alteration.

Lighting - add description

Description of *existing* materials and finishes:

General Domestic

Description of *proposed* materials and finishes:

As existing with no alteration.

13. Parking

Will the proposed works affect existing car parking arrangements?

☐

Yes

☒

No

14. Authority Employee/Member

With respect to the Authority, I am:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

Do any of these statements apply to you?

☐

Yes

☒

No

15. Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

☒

Yes

☐

No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact? (Please select only one)

☒

The agent
