DO NOT SCALE FROM THIS DRAWING

The drawing is the property of the Architect. The Architect holds the copyright and retains the right to be identified as the author of the work. Permission to make use of the drawing for the purpose for which it was prepared is given to the Client on the understanding that any dimensions given on the drawing are taken in preference to scaled measurements. Any dimensions shown are subject to confirmation by measurement of the site and construction work. The Architect is not responsible for errors or omissions in setting out the work if such errors or omissions are the result of inaccurate or incomplete information supplied by others. The Architect is not responsible for any discrepancies between the drawings and site conditions or any errors which may be revealed during the course of the work. Any discrepancies must be reported to the Architect before proceeding with the work. The Architect is not responsible for any work carried out by the Contractor which does not comply with the Building Regulations or other statutory requirements. The Architect is not responsible for the Contractor's methods of working or for the safety of the site. The Architect is not responsible for the supervision of any work by a Building Inspector appointed by the Client. The Architect is not responsible for the Contractor's failure to carry out work in accordance with the Architect's drawings and specification. The Architect is not responsible for the Contractor's failure to complete the work. Any proposals for substitution of materials specified in the specification must be submitted to the Architect for approval before the work is put in hand. Any proposals for substitution of materials specified in the specification must be submitted to the Architect for approval before the work is put in hand. All dimensions are in millimetres unless otherwise stated. All dimensions are to be checked on site before the work is put in hand. Any discrepancies are to be reported to the Architect before the work is put in hand. This drawing is not to be used as a working drawing unless it has been signed by the Architect for construction purposes. Any proposals for substitution of materials specified in the specification must be submitted to the Architect for approval before the work is put in hand. This drawing is not to be used as a working drawing unless it has been signed by the Architect for construction purposes
