DO NOT SCALE FROM THIS DRAWING

This drawing is the property of the Architectural Designer and is protected by the Copyright Designs and Patents Act 1988. Permission to reproduce or alter this drawing must be obtained from the Architectural Designer. No responsibility can be accepted for dimensions taken from this drawing other than those checked and confirmed on site by the Main Contractor. Any discrepancies must be reported immediately to the Architectural Designer. This job accepts an indemnification in respect of Asbestos and/or Asbestos containing materials and the Contractor is required to comply with the Control of Asbestos Regulations 2012 and to satisfy himself as to the presence or absence of Asbestos and/or Asbestos containing materials before commencing any work. Any suspected Asbestos and/or Asbestos containing materials encountered must be reported to the Architectural Designer immediately. All Contractors must be competent and adequately trained in accordance with the Construction (Design and Management) Regulations 2015. Any person working on this project should be aware of the Health and Safety at Work etc Act 1974 and any relevant subsequent legislation. All Contractors must have adequate insurance cover in relation to the works they are undertaking and must produce documentary evidence of this insurance cover prior to commencement on site. The Contractor is responsible for the adequacy of all temporary works and shall ensure that adequate bracing and support is provided to maintain the stability of the structure at all times during construction. Where the Contractor proposes to adopt a method of construction or sequence of operations which may involve stresses in excess of those for which the permanent works are designed, full details must be submitted to the Engineer for approval before the commencement of the relevant operations. Any proposed variations to the design must be submitted to the Architectural Designer for approval before proceeding. Work that may not seem clear on plans but that may be subsequently critical to the success of the project must be referred to the Architectural Designer for clarification before proceeding. Where Building Regulations Approval is required, the Contractor must comply with the requirements of the Building Regulations 2010 as amended by the Building (Amendment) Regulations 2013 and 2016. The General Contractor must be fully aware of the Party Wall etc. Act 1996, when building or close proximity to adjoining neighbour's boundaries. Where Building Regulations Approval is required, the Contractor must comply with the requirements of the Building Regulations 2010 as amended by the Building (Amendment) Regulations 2013 and 2016. The General Contractor must be fully aware of the Party Wall etc. Act 1996, when building or close proximity to adjoining neighbour's boundaries
