FILE COPY

Town and Country Planning Act 1990

Outline Planning Permission

Reference: H04-0356-15 **Received:** 11th May 2015 **Type:** OUTLINE

Name: The Executors of T Kilby Deceased
C/O Longstaff & Co
5 New Road
Spalding
Lincs
PE11 1BS

Agent: A C Hornsby
35 Peak Hill
Cowbit
Spalding
Lincolnshire
PE12 6AW

Description: Demolition of existing buildings and erection of dwelling

Location : Rear of 12 Market Place Donington
Spalding

South Holland District Council hereby give notice that OUTLINE PLANNING PERMISSION HAS BEEN GRANTED for the development in accordance with the application submitted, subject to the following:

1 Application for approval of reserved matters must be made not later than three years beginning with the date of this permission, and the development must be begun before the expiration of two years from the final approval of reserved matters or in the case of approval on different dates, the final approval of the last such matter to be approved.

Reason: As required by Section 92 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

2 The development hereby permitted shall be carried out in accordance with the following approved plans:
Dwg. nos. 15/03/01, 15/03/04, 15/03/05 and 15/03/06.

Reason: For the avoidance of doubt and in the interests of proper planning.

3 No development shall take place without the prior written approval of the Local Planning Authority of all details of the following matters:
i) the layout, scale and external appearance of building(s), including a schedule of external materials to be used;
ii) the means of access to the site;

planningadvice@sholland.gov.uk
www.sholland.gov.uk

iii) details of landscaping and boundary treatment and post-planting maintenance, including details of any existing trees on site to be removed or retained;
iv) the means of sewage and surface water disposal;
v) the existing and proposed site levels and floor levels of the buildings and hard surfaced areas;
vi) details of the design and positions of all external boxes for gas and electricity supplies and of any gas flues and soil vent pipes;
vii) details of the means of storage and disposal of refuse

Reason: The application was submitted in outline only and the above details are required to enable the Local Planning Authority to assess the detailed design, appearance and layout of the development as well as ensure that appropriate access and services are provided to serve the development.
This Condition is imposed in accordance with Policies SG12, SG13, SG14 and SG18 of the South Holland Local Plan 2006 and national guidance contained in Section 10 of the National Planning Policy Framework, 2012.

4 The development hereby permitted shall not be commenced until a scheme to deal with any contamination of land or pollution of controlled waters has been submitted to and approved in writing by the Local Planning Authority (LPA) and until the measures approved in that scheme have been implemented. The scheme shall include all of the following measures.
i) a desk-top study carried out to identify and evaluate all potential sources of contamination and the impacts on land and/or controlled waters, relevant to the site. The desk-top study shall establish a 'conceptual site model' and identify all plausible pollutant linkages. Furthermore, the assessment shall set objectives for intrusive site investigation works/Quantitative Risk Assessment (or state if none required). Two full copies of the desk-top study and a non-technical summary shall be submitted to the LPA without delay upon completion.
ii) if identified as being required following the completion of the desk-top study, a site investigation shall be carried out to fully and effectively characterise the nature and extent of any land contamination and/or pollution of controlled waters. It shall specifically include a risk assessment that adopts the Source-Pathway-Receptor principle, in order that any potential risks are adequately assessed taking into account the sites existing status and proposed new use. Two full copies of the site investigation and findings shall be forwarded to the LPA without delay upon completion.
iii) thereafter, a written method statement detailing the remediation requirements for land contamination and/or pollution of controlled waters affecting the site shall be submitted to and approved in writing by the LPA, and all requirements shall be implemented and completed to the satisfaction of the LPA. No deviation shall be made from this scheme. If during redevelopment contamination not previously considered is identified, then the LPA shall be notified immediately and no further work shall be carried out until a method statement detailing a scheme for dealing with the suspect contamination has been submitted to and agreed in writing by the LPA.
iv) two full copies of a full closure report shall be submitted to and approved in writing by the

planningadvice@sholland.gov.uk
www.sholland.gov.uk

LPA. The report shall provide verification that the required works regarding contamination have been carried out in accordance with the approved Method Statement(s). Post-remediation sampling and monitoring results shall be included in the closure report to demonstrate that the required remediation has been fully met.

Note: The applicant is advised that the phased risk assessment required by the Contaminated Land Scheme Condition should be carried out in accordance with the procedural guidance of the Environmental Protection Act 1990 Part 11A.

The applicant's attention is also drawn to the document entitled "Developing Land Within Lincolnshire - A guide to submitting planning applications to develop land that may be contaminated", which can be obtained through the Local Environmental Health Department.
Reason: To assess whether the site is polluted and to address any pollution to ensure a satisfactory development.
This Condition is imposed in accordance with Policy SG13 of the South Holland Local Plan 2006.

5 No development shall take place until a written scheme of archaeological investigation has been submitted to and approved in writing by the Local Planning Authority. This scheme should include the following and should be in accordance with the archaeological brief supplied by the Lincolnshire County Council Historic Environment advisor on behalf of the Local Planning Authority:
1. An assessment of significance and proposed mitigation strategy (i.e preservation by record, preservation in situ or a mix of these elements).
2. A methodology and timetable of site investigation and recording
3. Provision for site analysis
4. Provision for publication and dissemination of analysis and records
5. Provision for archive deposition
6. Nomination of a competent person/organisation to undertake the work
7. The scheme to be in accordance with the Lincolnshire Archaeological Handbook.
The archaeological site work shall only be undertaken in accordance with the approved written scheme.

Reason: To ensure the preparation and implementation of an appropriate scheme of archaeological mitigation in accordance with national guidance contained in Section 12 of the National Planning Policy Framework, 2012.

6 The applicant shall notify the Lincolnshire County Council Historic Environment Department in writing of the intention to commence at least fourteen days before the start of archaeological work required in connection with Condition 5 above in order to facilitate adequate monitoring arrangements.

Reason: To ensure satisfactory archaeological investigation and retrieval of archaeological finds

in accordance with national guidance contained in Section 12 of the National Planning Policy Framework, 2012.

7 A copy of the final report required in connection with condition 5 above shall be submitted within three months of the work being carried out to the Local Planning Authority and the Lincolnshire Historic Environment Record. The material and paper archive required as part of the written scheme of investigation shall be deposited with an appropriate archive in accordance with guidelines published in The Lincolnshire Archaeological Handbook.

Reason: To ensure satisfactory arrangements are made for the recording of possible archaeological remains in accordance with national guidance contained in Section 12 of the National Planning Policy Framework, 2012.

The Local Planning Authority has acted positively and proactively in determining this applicatio by assessing the application against all material considerations, including national guidance, planning policies and representations that have been received during the public consultation exercise and subsequently determining to grant planning permission within the statutory timeframe in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Copies of all documentation submitted in connection with this application can be viewed online at *www.sholland.gov.uk/doitonline/plandev/plansearch.aspx*
