Subject: Protected Tree Work Form Awaiting Site Plan from Diane
Attachments: Protected Tree Work Form 190520.pdf

This message originated from outside your organization

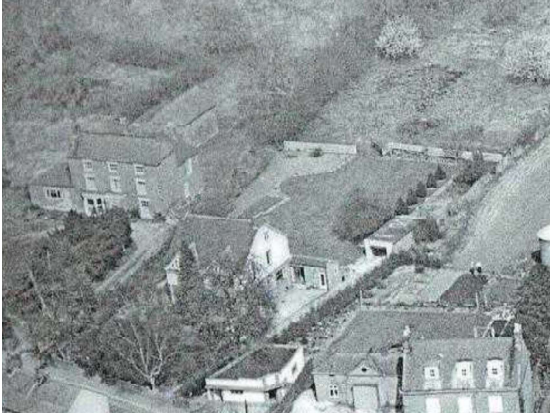

Good morning

Please find attached a completed Protected Tree work form, together with

supporting

photographs. Rather than drawing a site plan, I have attached a copy of an old photograph found on a planning application that shows the trees when they were very young, possibly more than 40 years ago. The trees are the five conifers in a row down the right-hand side of the garden, beyond the garage.

If you require any further information, please let me know.

Yours sincerely
Victoria Kirkwood
