TOWN AND COUNTRY PLANNING ACT 1990
TREE WORKS IN A CONSERVATION AREA

Reference: H04-0425-16 **Date of Decision:** 9th June 2016

Applicant: Mrs Lamar
10 Market Place
Donington
Spalding
Lincs
PE11 4ST

Location: 10 Market Place Donington Spalding

Description: Works to trees in Donington Conservation Area.

Detailed Description:

Notification to carry out works to two horse chestnut trees and a silver birch in the grounds of 10 Market Place, Donington. The trees are located adjacent to the southern boundary.

Two horse chestnut trees, re-pollard as previous.
One silver birch, reduce by 50%.

South Holland District Council has considered the proposal and has no objections, subject to any recommendation set out below;

1 That the proposed work is carried out within two years of the date of this letter of 'No Objection'.

2 Work is to be carried out in accordance with BSI 3998 : 2010, 'Recommendations for Tree Work'.

Notes:

The necessary consent of all other interested parties should be obtained before the works proceed.

Ideally horse chestnuts should be pruned between leaf fall and February. Pruning in the Spring months just before and directly after bud burst should be avoided as bleeding of sap may be a problem.

Silver birches should be pruned in late summer and autumn as bleeding of sap from pruning works can be a problem at other times of the year.

Under the Wildlife and Countryside Act 1981 (as amended) all birds, their nests and eggs are protected by law and it is an offence to damage or destroy the nest of any wild bird while it is in use or being built. In the event of query please contact Natural England at their Lincoln office on 03000 603900.

Bats are protected species under the Wildlife and Countryside Act 1981 (as amended) and in the event that bats are living in any cavities in the tree(s), or if they are discovered while the works are taking place, please inform Natural England at their Lincoln office on 03000 603900 before works proceed.
