TOWN AND COUNTRY PLANNING ACT 1990

FULL

Reference: H04-0429-22 **Date of Decision:** 12th September 2022
Applicant: Loosegate Developments
Seas End Road
Moulton Seas End
Spalding
PE12 6JX
Location: Off Maple Way Donington Spalding
Description: Residential Development of 6 Dwellings

South Holland District Council hereby give notice that permission has been GRANTED (or equivalent) subject to the following condition(s):

- 1 The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason: As required by Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

Application form
Block and Location Plans, drawing number 3655-20 01F,
Topographical Survey Showing Underground Electric Cables, drawing number 17420/01,
Plot 1 Floor Plans and Elevations, drawing number 3655-20 03,
Plot 2 Floor Plans and Elevations, drawing number 3655-20 04,
Plot 3 Floor Plans and Elevations, drawing number 3655-20 07,
Plot 4 Floor Plans and Elevations, drawing number 3655-20 06,
Plot 5 Floor Plans and Elevations, drawing number 3655-20 05,

Plot 6 Floor Plans and Elevations, drawing number 3655-20 02,
Flood Risk Assessment, prepared by Ellingham Consulting Ltd, dated November 2021,
Drainage Statement, prepared by William Saunders, dated April 2022,
Drainage Layout, drawing number 12446-WMS-ZZ-XX-DR-C-39200-S8-P2,
Phase 1 Desk Study, prepared by T.L.P Ground Investigations, dated 6th December 2021
and,
Phase 2 Intrusive Ground Investigation Report, prepared by T.L.P Ground Investigations,
dated 6th January 2022.

Reason: For the avoidance of doubt and in the interests of proper planning.

- 3 Before the commencement of the development hereby permitted beyond oversite a schedule of external materials of construction of buildings and hard surfaced areas shall be submitted to and approved in writing by the Local Planning Authority. The development shall be constructed in accordance with the materials so approved.

Reason: To ensure that the Local Planning Authority retains control over the external materials of construction of the development in the interests of the character and appearance of the development and the visual amenity of the area in which it is set.

This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

- 4 The development hereby permitted shall be undertaken in accordance with a Construction Management Plan and Method Statement which shall first be approved in writing by the Local Planning Authority. The Plan and Statement shall indicate measures to mitigate the adverse impacts of vehicle movements and for the management of the surface water drainage on the site during the construction stage. It shall include;

- the phasing of the development to include access construction;
- the on-site parking of vehicles of site operatives and visitors;
- the on-site loading and unloading of plant and materials;
- the on-site storage of plant and materials used in constructing the development;
- wheel washing facilities;
- a strategy stating how surface water run off on and from the development will be managed during construction and protection measures for any sustainable drainage features.

Note: This is particularly important given the stated intention to utilise an infiltrating permeable carriageway which, if not protected from contamination by mud and other detritus during construction will be unlikely to function efficiently.

Reason: In the interests of the safety and free passage of those using the neighbouring estate roads and to ensure that the permitted development is adequately drained without creating or increasing flood risk to land or property adjacent to, or downstream of, the permitted development during construction.

This Condition is imposed in accordance with Policies 2, 3 and 30 of the South East Lincolnshire Local Plan, 2019.

- 5 Prior to the occupation of any dwelling, full details of the arrangement for private refuse/recycling collection shall be submitted to and approved in writing by the Local

Planning Authority. The approved management arrangements shall be implemented upon first occupation of any dwelling and thereafter retained for the lifetime of the development.

Reason: This application has been approved on the basis that waste collection will be carried out by a private company and to ensure appropriate arrangements are in place for the collection of refuse/recycling.

This Condition is imposed in accordance with Policies 2, 3 and 30 of the South East Lincolnshire Local Plan, 2019.

- 6 Before the commencement of the development hereby permitted beyond oversight, the approval of the Local Planning Authority is required to a scheme of landscaping and tree planting for the site (including screening of bin collection points) indicating, inter alia, the number, species, heights on planting and positions of all the trees, together with details of post-planting maintenance. Such scheme as is approved by the Local Planning Authority shall be carried out and completed in its entirety during the first planting season following practical completion of the development. All trees, shrubs and bushes shall be maintained by the owner or owners of the land on which they are situated for the period of five years beginning with the date of completion of the scheme and during that period all losses shall be made good as and when necessary.

NOTE: The submitted landscaping proposals shall demonstrate that Biodiversity Net Gain will be achieved on site, using the Biodiversity Metric 3.0 (or any successor).

Reason: To ensure that the development is adequately landscaped, in the interests of its visual amenity and that of the area in which it is set, and that Biodiversity Net Gain will be achieved.

This Condition is imposed in accordance with Policies 2, 3 and 28 of the South East Lincolnshire Local Plan, 2019 and the Environment Act 2021.

- 7 Prior to its installation, details of the proposed boundary treatments, including a schedule of fencing levels, heights and materials, and details of the size and species of any hedging, shall be submitted to and approved in writing by the Local Planning Authority, and the details so approved shall be implemented in full before the development is first brought into use and retained thereafter.

Note: Where levels are raised above existing ground levels, the submission shall be supported by cross-sectional drawings showing the relationship with adjoining uses and buildings to enable the Local Planning Authority to be satisfied that sufficient mitigation measures will be in place.

Reason: In the interests of the character and appearance of the development and the amenity of the area in which it is set including the amenity of nearby occupiers.

This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

- 8 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015, (or any Order or Statutory Instrument revoking and re-enacting that Order), none of the following developments or alterations shall be carried out.

i) the erection of freestanding curtilage buildings or structures including car ports, garages,

sheds, greenhouses, pergolas or raised decks;

ii) the erection of house extensions including dormer windows, conservatories, garages, car ports, porches or pergolas;

iii) alterations including the installation of replacement or additional windows or doors and the installation of roof windows.

Reason: To ensure that the Local Planning Authority retains control over the future extension and alteration of the development, in the interests of its architectural and visual integrity, levels of residential amenity and the visual amenity and character of the area within which it is set.

This Condition is imposed in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

- 9 Before the commencement of the development hereby permitted beyond oversight full details of ecological biodiversity measures to be installed in conjunction with the development shall be submitted to and approved in writing by the Local Planning Authority. The measures shall thereafter be constructed/installed in accordance with the details so approved prior to the development being brought into use and shall thereafter be retained.

Note: Development can incorporate a number of simple, low-cost measures to deliver biodiversity benefits and enhance priority habitats and species, such as, the use of bat and barn owl roost boxes and integrating nesting opportunities into buildings. The use of swift bricks on new developments would help minimise the decline in swifts, a priority species.

Reason: To ensure that the development is able to deliver a net gain in biodiversity.

This Condition is imposed in accordance with Policy 28 of the South East Lincolnshire Local Plan, 2019 and national guidance contained in the National Planning Policy Framework, 2021.

- 10 The water consumption of each dwelling hereby permitted should not exceed the requirement of 110 litres per person per day (as set out as the optional requirement in Part G of the Building Regulations 2010 and the South East Lincolnshire Local Plan, 2019). The person carrying out the work must inform the Building Control Body that this duty applies. A notice confirming the requirement for the water consumption has been met shall be submitted to the Building Control Body and Local Planning Authority, no later than five days after the completion of each individual dwelling.

Reason: To protect the quality and quantity of water resources available to the district.

This Condition is imposed in accordance with Policy 31 of the South East Lincolnshire Local Plan, 2019.

Notes:

The Local Planning Authority has acted positively and proactively in determining this application by assessing it against all material considerations, including national guidance, planning policies and representations that have been received during the public consultation exercise, and by identifying matters of concern within the application and

negotiating, with the Applicant, acceptable amendments to the proposal to address those concerns. As a result, the Local Planning Authority has been able to grant planning permission for an acceptable proposal.

This decision notice, the relevant accompanying report and the determined plans can be viewed online at <http://planning.sholland.gov.uk/OcellaWeb/planningSearch>

The permitted development requires the formation of a new/amended vehicular access. These works will require approval from the Highway Authority in accordance with Section 184 of the Highways Act. The works should be constructed in accordance with the Authority's specification that is current at the time of construction. Relocation of existing apparatus, underground services or street furniture will be the responsibility of the applicant, prior to application. For approval and specification details, please contact vehiclecrossings@lincolnshire.gov.uk

The road serving the permitted development is approved as a private road which will not be adopted as a Highway Maintainable at the Public Expense (under the Highways Act 1980). As such, the liability for the future maintenance of the road will rest with those who gain access to their property from it.

Please contact the Lincolnshire County Council Streetworks and Permitting Team on 01522 782070 to discuss any proposed statutory utility connections and any other works which will be required within the public highway in association with the development permitted under this Consent. This will enable Lincolnshire County Council to assist in the coordination and timings of these works.

Phil Norman
Head of Planning
South Holland District Council

BUILDING REGULATIONS:

This decision refers only to planning permission as granted under the Town and Country Planning Act 1990. The works that you are proposing may also require Building Regulations and this planning permission does not give authority under Building Regulations to commence work. Please contact the Building Control section for further information on 01775 764557 or bcadmin@sholland.gov.uk

RIGHTS OF APPEAL

Appeals to the Secretary of State

If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or grant consent subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990 or Section 20 of the Planning (Listed Building and Conservation Areas) Act 1990.

Timescales for appealing

The deadlines for appeals are calculated from the **date of decision** and are as follows for the types of applications below:

12 Weeks	6 Months	8 Weeks
Householder Applications	Planning Permission	Consent to Display Adverts
Minor Commercial Development	Listed Building Consent	
Agricultural Determinations	Other Prior Approval Applications	
Householder Prior Approval Applications		

If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

Enforcement Notices

If an enforcement notice was served prior to the planning application being determined then the deadline for appealing is 28 days from the date of the **planning refusal**.

If an enforcement notice is served after the planning application is determined then the deadline for appealing is 28 days from the date of the **enforcement notice** OR **the timescales stated above for each application type** from the date of the planning refusal - whichever is sooner.

Appeals can be made online at: <https://www.gov.uk/planning-inspectorate>. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the

Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under the order.

Purchase Notices

If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grant it subject to conditions the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of the Part VI of the Town and Country Planning Act 1990 or Section 32 of the Planning (Listed Building and Conservation Areas) Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference of the application to him.

These circumstances are set out in Section 114 and related provisions of the Town and Country Planning Act 1990 and Section 27 of the Planning (Listed Building and Conservation Areas) Act 1990.
